To beloved brother 89

We would like to report the situation along the border as follows:

1. On 2nd of June at Spearhead 91 at Au Leav, a Vietnamese airplane locally known as *Trung Chrouk* (យន្តហោះធុនទ្រុងជ្រូក) flew over our territory about four kilometres away from the border.
2. On Spearhead 92, after burning their trucks, a Vietnamese fighter plane locally known as *Cheung Staok* (យន្តហោះធុនដើងស្លោក) fired and dropped bombs at that area. We have arrested four Vietnamese families and three elephants. However, we have handed over them to the locals.
3. There are not changes at Spearhead 93. Our people have picked up two DK 75s at the former Vietnamese settlement and handed over one of them to the sector.

With warmest revolutionary fraternity,

San (សាន)
