Dear Bill,

i am writing in connection with your email below.

The Judges of the Trial Chamber have authorized me to inform all parties that your request is granted. Upon completion of the time allocated to the Defence for NUON Chea for their comments and observations concerning key documents, the Co-Prosecutors will be permitted to briefly address the court as indicated in your email.

Subject: Request to Make a Brief Oral Proposal Re the Khieu Samphan Filing Today [E288/4]

Dear Ken

In light of the filing by the Khieu Samphan Defence Team [E288/4] notified today the Co-Prosecutors advise the Trial Chamber that they plan to respond to this motion. However, given the issues raised and the implications it has on immediate trial scheduling the Co-Prosecutors seek an opportunity to make a brief oral proposal tomorrow in response - prior to Khieu Samphan's responses on documents. We believe it may assist in resolving the issue raised by the Khieu Samphan Defence.

Best Regards Bill
