Dear Parties,

The Trial Chamber has asked me to provide you with the following information regarding the Trial Management Meeting scheduled for Tuesday 21 October 2014 at 09.00.

All parties are directed to attend the TMM.

During the meeting, the Chamber is prepared to discuss the issue of resources and related matters. In this context it invites the Director and/or Deputy Director of Administration to attend this first part of the TMM.

The TMM will then allow the Parties and the Trial Chamber to discuss *in camera* the legal and practical issues relating to the use of the newly disclosed documents during the proceedings, and particularly during the testimony of the witnesses directly concerned by the disclosure, with a view to safeguarding their confidentiality as set out in the Decision of the Co-Investigating Judge. The Chamber invites the parties to address the following question during the TMM, among others which may be asked: How do the parties propose to refer to the documents in court in a manner that will not violate the confidentiality conditions set out in the Decision of the Co-Investigating Judge?

Best regards,

Ken
