Report
To the respected beloved Tram Kak District Organization

Be advised!

The situation with harvest of the light early-season rice in the vicinity of Canal 67 (ព្រែកជីក ៦៧) is finished. As for the matter of plowing, one hectare has just been plowed.

The water situation at the canal: There is too much water and the valves could not be shut. Now the valves to the south have all been shut but some water is still flowing through the valves. They will be gradually closed to watch the strength of the water up above.

The situation of the youth in the youth assembly units: Their leader has incited the small children to go around stealing. Their leader is PHUONG Phâlla (ផួង ផល្លា). His background in Phnom Penh is as a hoodlum who went around robbing. When we arrested their leader and brought him to the detention site, they put in place a plan for PÈN Aun (ប៉ែន អ៊ុន) to carry out more thefts. There was a plan to punch holes in bags of rice and plant the rice to eat, but he has been arrested and brought to the reeducation site. Request that Angkar be informed. Whatever Angkar decides, request additional news.

Report

We wish to make the following report about the bad new youths to the Party:

PRĀK Khon (ប្រាក់ ខុន), age 22, is a youth from District 109. This youth wore the rank of Adjutant Chief in charge of artillery. This one has many conflicts. For instance, he said: Work hard and you get to eat; don't work and you still get to eat your fill; so we need not strive to work.

Furthermore, this one has carried out activities to wreck the cooperative, for instance, throwing plates so they break, throwing out soup, stealing potatoes, stealing this and stealing that without end, not matter how he is reeducated.

Therefore, request to send him into the custody of the Party.

Request to report to the Party
As information:

There is a female peasant, a widow name Hân (ហ៊ាន) from District 109, who since arrival at the Srae Ronoung (ស្រែវនោង) Subdistrict base area has been a major thief. Called in for reeducation and instruction, she said she would stop stealing. As soon as she left to go back to her unit, she stole again. On 11/10 she pretended to be sick. When the others had all gone off to work, she went out to search through and steal from the houses of the people who had gone away to work. Then people gathering fertilizer in the village saw her, they ran to call their unit chairman, and the unit chairman arrested her and brought her in. We asked why she was so clever at going around stealing like that, the woman Hân replied that she wanted to steal because her father was dead and her husband was dead and she would go around stealing until the day she dies, like she does today. She does not know how to stay alive.

What is the Party's decision about the above report?

I wish to pay my respects and to report to inform the respected beloved District Party.

The state of the people in the Nhaeng Nhang (ញ៉ែងញ៉ែង) base area: There have been the following attacks and phenomena.

1. A female peasant named Chhom (ឆុំ), the wife of KONG Sâmbuor (កុង សំបួរ) that we went to smash
2. KÈV Chèm (កែវ ថៃម), the wife of a soldier
3. PECH Lim (ពេជ លីម), the wife of a soldier
4. SÂMRĪT Sophat (សំរិត សុផាត), whose husband is in Yuon territory

All four of them said: Just bragging and announcing that socialism is plentiful, lacking nothing. It is very plentiful, not a thing to eat came be seen. Eating gruel morning and evening. What kind of a revolution is this thing of theirs? Nothing can be found to eat. It's not like it was in the old society. The old society was very happy. If you wanted to eat noodles or eat bread, there was plenty. It was not like this so-called revolution of theirs.

They also said that the old society was happy. There were plays and movies and Chinese shows to go watch; it was not quiet like this revolution of theirs.

This group, according to monitoring and assessment, whatever day they came, they talked to one another about movies and plays and Chinese shows and how it was very happy in the old society.

May the Party be informed of the information reported above.\\

Report

Request to respectfully report to the District Party as follows:

1. A situation has appeared in the plowing unit: One of the new people, NHOUNG Tim (ញួង ទឹម) let a cow eat rice while he was minding it. Fellow people told him to chase it away, but he said to let it go ahead and eat, to shut up. Then he suddenly caught the cow and clubbed it hard until it almost could not walk. People minding the cattle along with him looked at the cow and told him that beating the cow like that was being an enemy. He said as for being an enemy, that was up to him, that was not their business.
2. After plowing he mostly takes the cow and ties it up and leaves it and goes to sleep. It has been monitored and seen that the cow is very thin. Also when this person was plowing, it was seen that he broke two plow blades; he has many conflicts too. He has been reeducated four or five times and still refuses to respect the Party's discipline.

May the Party be informed, and request that whatever decision the Party makes be sent for information.

Report

Wish to respectfully report to the District base area Party as follows:

I. Enemy situations which have appeared in the base area are as follows:

LUO Ēng-Tri (ឡូ អេងត្រី), SUOS Ti (ស៊ូស ទី), YUN Yean (យុន យ៉ាន), and BANG Nân (ប៉ាង ណាន): All four of these persons have carried out many activities previously reported to the Party, and we have subsequently monitored them because they have assembled together at Tumnap Chrey Toung (ទំនប់ជ្រៃទោង) as was reported previously. Now, today they had another meeting, and they went to contact one another in the vicinity of Samlanh (សំឡាញ) Subdistrict in 106, because this land is on the border and when they mind cattle they meet one another. There is no grasp of, what plans they have are unknown; they get along very well with one another.

My analysis is that they have plans to smash our Revolution. For example, [illegible], they beat the cattle hard when they plow, at the reeducation meetings they do not listen much, and they do not pay attention to their work.

The activities of all four of these persons are untrustworthy.

About their positions:

1. LUO Ēng-Tri was a pilot in aviation
2. YUN Yean was Secretary of the War Materials Warehouse
3. SUOS Ti was a Military Police Chief
4. BANG Nân was a soldier, a corporal.

May the Party be informed about the four of them, and please provide us information on whatever the Party decides.
