

**Report**

Comrade Chief of education office of district 105, for your information as the following:

I would like to send Amrit Mart (អំរិត ម៉ាត) and report about his activities to comrade as follows:

Amrit Mart (អំរិត ម៉ាត), who served as a soldier wearing the rank of sergeant, engaged in an argument about our Angkar travelling back and forth on a dry season rice trip at Kbal Pôthi (ក្បាលពោធិ៍). He said that the group was all people with nothing to do. When pedaling a water wheel at the dry season rice fields, while he was pedaling he asked who it was that had him pedal the water. Our comrades said it was Angkar, and he asked, "Which Angkar? What is Angkar's name?" He had many more arguments.

Therefore, may Comrade be informed.

With respect, in the spirit of defending the country,

Done at Tram Kak (ត្រាំកក់) on 29 April 1977
