1. Respects. The enemy situation in the Tram Kak ត្រាំកក Subdistrict base is as follows:
 1 – Sēng សេង in Trak Kak ត្រាំកក Village, a Yuon who came on 17 April. This one has carried out the following activities: He stirred up a movement and wrote three anonymous letters in the vicinity of the Tram Kak ត្រាំកក cooperative building with this content and incited the other new people not to work too hard because working hard would just lead to them attacking us hard and mistreating us strongly; and they don't give us enough to eat either.

2. The following three women, Mun មុន, two Sēn Savav សេន សាវាវ, [and] three the girl named It ឥត. These three are network links of Khieu Touch ខៀវ ទួច and Bich Sok ប៊ិច សុក who were arrested and sent in the other day. To beloved Comrade Ăn អាន់

Following the opinion and instructions of District 107 Angkar, we send a child who is a guerilla bandit in to Comrade to research all his network links, since this one has a network in District 105.

This child is named Phoeung Săo ភឿង សៅ, age 12, a child of the old people. His father's name is Phen Mè ហេន ម៉ៃ, a former old person, born in Tuol Roka ទួលរកា Village, Trapeang Thom ត្រពាំងធំ Subdistrict, District 105. [They] came down to live in Trapeang Russei ត្រពាំងប្រសើរ Village, Baray បារាយ District all along. Now they have all run back up.

This one has been with guerilla bandits for one year, West of the railroad line near Steung Slat ស្ទឹងស្លាត់. There were four adults with him:

- 1. Soeun សឿន Heavy build, short.
- 2. Săn សន At Trapeang Prē ត្រពាំងប្រី Village. Large build, tall.
- 3. Phau ផូ At Leay Bo លាយបូ Village.
- 4. Chip ជីប At Trapeang Prē ត្រពាំងប្រី Village.

They have two weapons, both AKs, one looking glass, two hatchets, two knives. One bag of paddy rice is at the site. One bag was taken to the mill at Leay Bo លាយ បូ during the night.

Their plan was to have this child move around in Takeo spying on messenger sites and the military. If he saw any, he was to go and tell them. They trained him not to run away from their site, and told him if he did they would beat him to death.

Therefore, request Comrade to take him for further research.

The task -- smash the enemy.

Report

Request to report to Comrade Brother Secretary of Reeducation, Tram Kak ត្រាំកាក់ District.

The enemy situation in the Trak Kak ត្រាំកាក់ Subdistrict base is as follows:

We have grasped inside the Widow Concentration Unit កងមេម៉ាយប្រមូលផ្តុំ that they have a plans to gather forces: one, Khieu Touch ខៀវ ទួច, the leader; two, Dim Văn Ny ឌីម វ៉ាន់នី; three, I Văn អ៊ី វ៉ាន់; four, Bich Sok ប៊ិច សុក.

All four of them are new women whose husbands Angkar has smashed. First, they had a plan to persuade one another to run off to District 106, saying, “We can’t stay here. There is not enough to eat and not enough clothing. They work us to death. We should not hard too hard, work just enough, that is enough. In threshing rice, whether it is clean or not or whether it spills or not, it doesn’t matter.”

Later that plan to run off was not successful. They also had a plan to smash the team and unit chairmen, and when that was not successful, they thought about finding poison to put in water jars in the widow concentration unit to poison everyone, since they said, “We are in great pain because our husbands have all been taken and killed.” After thinking about this, Khieu Touch ខៀវ ទួច, the leader, gave poison to Bich Sok ប៊ិច សុក to give to a child to put in the water jars, but Bich Sok ប៊ិច សុក did not dare have the child place the poison, and threw the poison away. After that, through her contacts, Bich Sok ប៊ិច សុក trained the girl named It អ៊ីត (an orphan) in the reserve women’s farm unit at Prey Rumduol ព្រៃរំដួល, by persuading the girl It អ៊ីត to run off to District 106, telling the girl that Tram Kak ត្រាំកាក់ Subdistrict did not get enough to eat, she should go to District 106, Sector 35, where they have plenty of food. The girl refused to go, so she trained the girl to place poison in the farm unit. But there was not yet any poison, so the girl gathered up poison krasaing ក្រសាំង flowers to pass around and eat, poisoning three people, all girls of the new people. After seeing this poisoning, our militia went and asked the girl It who had picked the krasaing, and she responded that Bich Sok ប៊ិច សុក had her pick it, and

she had trained the girl to place poison in the kitchen too, and she told how Bich Sok ប៊ិច សុក had enticed her so much.

After this was grasped, we called in Bich Sok ប៊ិច សុក for further questioning. Bich Sok ប៊ិច សុក responded the same as the girl had reported, and at the same time this Bich Sok ប៊ិច សុក responded about many of those links in the network organized by Khieu Touch ខៀវ ទួច, but she did not know all their names. Confirming the above, we requested to arrest those four, and are sending them to Comrade Brother to interrogate further. The child It អ៊ីត has not yet been arrested. Whatever your decision is, request Comrade Brother make contact again.

Report

Questioned already, 4 February 78 [Margin note]

Respected Comrade Brother, Tram Kak District Police!

Following the decision of the Party, we send in Kung Pheun គង់ ភីន and Kung Pèt គង់ ប៉ែត to the District Police.

1 – The activities of Kung Pheun គង់ ភីន. He said to incite: “If the revolution goes belly up, there won’t be any discrimination.” He said these words twice, first when he was coming back from work and saw his children eating a plate of rice and soup and salt, and he said, “In the old society whenever I ate there were three or four dishes, and I ate at a table with all the big guys. Now they have my children eat like this. When the revolution goes belly up I will certainly not discriminate.” Again later one he said, “When it comes, I won’t keep one of them.” These were the words of Kung Pheun គង់ ភីន.

2. As for Kung Pèt’s គង់ ប៉ែត activities: One day he stole a chicken and killed it to eat. We caught him. And he went into a pond, the water up to his waist, and he groped around, and he was seen to throw three bowls into the water, and three cans of rice.

[Margin note] *Starts at beginning of February 78*

The next day, he said that Angkar was bragging about attacking the Yuon and entering two kilometers into Yuon territory, but the sounds of the gunfire just kept getting closer. He went on, saying that as he saw it, in each unit there were only three or four old people, while the new people were walking on top of one another’s feet; they must all be dead.

This regarding talking with base people. Propose that Comrade Brother interrogate and research network links and activities to incite against the revolution and decide following our Party’s principles. As for these two, we had the district and subdistrict militia bring both of these people to Comrade Brother along with the report.
