

Report

To respected party at the base of Tram Kâk (ត្រាំកក់) district; please be informed that:

At Prey Mareah (ព្រៃម្រះ) where dried season rice is grown, a youth named HÂNG Oeun (ហង់
អឿន) had provoked: “What is the use of doing socialist revolution when there is no food.”
This *contemptible* youth is a corporal in charge of tourism.

There was another youth named *contemptible* MOM Ven (ម៉ុំ វេន) who provoked that at
Trapeang Thom Khang Cheung (ត្រពាំងធំខាងជើង) commune people butchered pigs for food
and that there was plenty of pork. The people were allowed to eat freely and there was still
abundance of food in the warehouse. The people eat after getting up and after waking up,
they go for a walk. By contrast, we do our best and risking our lives, but we still do not get
enough while there is plenty of food in the warehouse. According to what we have grasped,
this person is a captain and also a spy.

Please Angkar be informed of the foregoing report. Whatever Angkar decides, please let us
know. We would always respect and follow Angkar’s decision.
