

Report

To Comrade [illegible], Tram Kak (ត្រាំកក់) District, Takeo (តាកែវ)

About the status of First Lieutenant KING Hin (គីង ហ៊ិន) in Prey Sraong (ព្រៃស្រាង) Village

Present biography:

After the liberation of the entire country, this person came to Prey Sraong Village, Angk Ta Saom (អង្គតាសោម) Commune. This person was a hooligan soldier with syphilis. He stayed at Ta Nèn's (តានែន) home for treatment. When all of our people went down to build the canal on the front line, the forces at the rear line became less; there was nobody to tend to the cows.

They had this person that has syphilis drink medicine at Ta Nèn's house. [illegible] One day the person that has syphilis struck and killed a cow. But when the militia came to examine this, this bad person said he had gone to go to plough the fields with the people in the transplanting unit under the supervision of the Angk Ta Saom militia; but at night he went to drink at Ta Nèn's home instead. After the 15th, 16th, 17th during which chaos broke out, this person pretended to be ill and stayed at the commune hospital. The medics discovered that this person wanted to run away and that he would not stay still, sometimes going to defecate and sometimes going to urinate, sometimes going to the west and sometimes to the east, and he would not stay still. The medics came to tell us that this person may want to run away and may run away this evening. We had the militia bring him in for interrogation by using cold methods, and he refused to say anything at all. He seemed to want to answer, but was just getting ready to answer. So, I would like to request you to try to question him because the wife of this person is in the transplanting unit and has instigated verbally that the district Angkar is lenient and the people can go anywhere they wanted to go. This is something that happened in Prey Sraong Village.

Report
Request to report to the respected Party

1. Hi Di (ហ៊ី ឌី), a youth in Leay Bo (លាយបូ) Commune, a student, said that at present he does not want to be alive; it is better to die.
2. This person also said that now he cannot eat what he wants to eat. It was different in the old society. In the old society, one ate whatever they wanted to at any time; if they wanted to eat pork sticky-rice cake, they could get it immediately. Now it is impossible to eat anything.
3. He also said that he told with his mother at night that these days he had insufficient food to eat; he had neither sufficient rice nor cassava to eat. But as for them, when they killed a pig, and they fried the pork and kept it for themselves and their people; and when they cooked pork soup, no pork meat was found in the soup.
4. He also said that now every night they call only their former colleagues to attend the daily meeting, but it was unknown what was said in the meeting.

May the Party be informed of the above report.

And we send the person together with this report. Request the Party judge him according to the actual situation.
