Report

To Bâng Ân,

Following the gun explosion along the border a couple of days ago, enemy activities within our base are as follows:

I- UM Phon (អ៊ុំ ផុន) new inhabitant of 109 said that Sok (សុខ), Khăt (ខាត់), unit chiefs should be beaten and their stomach should be cut open to insert grass, and ask them why they give me the amount of rice that I could not eat well.

Therefore, I would like to send this person to Comrade brother as the upper Party has already decided.

Report

Sorn (ស៊ុន), 19 years old, born in Troâpěang Reussey (ត្រពាំងឫស្សី), Sàmraong Leu (សំរោងលើ), Oudong (ឧត្តុង្គ) district, northern Kampong Speu (កំពង់ស្ពឺ).

Activities: running away from his residing village for the following reasons: First, [he] stole the Party's rice to feed a mobile work brigade.

In the unit, there were leaders named CHHIN Kea (ឈិន គា), the head, UK(អ៊ុក), Chhim (ឈឹម).

These four persons have ran away together to Kampong Speu (កំពង់ស្ពឺ), reconnoiters over there chased them. They ran and parted their way.

As for Sorn, he ran towards the south in an attempt to flee into Yuon because Chhin instructed him that:

- In Yuon country, [life is] happy.
- There are markets; there are currencies.
- Eat and sleep comfortably.
- We flee into Yuon and come back to smash the revolution to ashes.
- Because the revolution eats limited rice, rationed rice, not sufficient, [and] works non-stop.

[When] our comrade in the Army interrogated her, [she] kept crying, and her face became black, which was her pretense. Therefore, according to my examination, there was only the woman left, and only with hot interrogation would she confess. As within Army workplace at Àng Ta Saom (អង្គការសាម) there are no confidential places to conduct interrogation at ease.

Therefore, it is submitted to the Party for information.
Whatever the Party decides, I look forward to executing the decision.
