Request to report to Angkar as information.

A situation with the new people in Trach ត្រាច Village. New female peasants have carried out activities to oppose the revolutionary organization's raising the principle of completing transplanting by 30 August 77. The new female peasants named below refused to implement the plan:

Neang Oeu	នាង អឿ	Ethnic Yuon, wife of a district chief. Angkar has already smashed the husband.
Kim Yan	គឹម យ៉ាន	Wife of a second Lieutenant [who was] smashed.
Roeun	រឿន	Wife of a prison policeman.

All three of these women had conflicts and refused to do labor work. Every day it was a conflict. When assigned work, whether they wanted to do it or not, that was at their pleasure. When assigned to pull one carrying stick's worth they only got three bundles. We saw this situation and called them in for reeducation and instruction, but after they had been reeducated they said we refuse to do it, whoever wants to take us away and do whatever to us, go ahead.

We arrested all three of these new women and sent them to the district special branch នគរបាលស្រុក during the night of 16 September.

The above report is for Angkar's information.
