2 A. I can recall parts of the written record of my interview. 3 MR. PRESIDENT: Pursuant to Rule 91bis of the ECCC Internal Rules, the Chamber 4 5 give the floor first to the Co-Prosecutors to put question to Sos Kamri, and the combined time for the Co-Prosecutors and the Lead б 7 Co-Lawyers is two sessions. 8 You may proceed. 9 [09.14.22]10 QUESTIONING BY MR. KOUMJIAN: 11 Q. Good morning, sir. I'd like to start by asking you, sir, 12 you've told the Court that you are a Cambodian who practises 13 Islam. Can you tell us how you identify yourself ethnically? What is 14 15 your ethnicity? 16 MR. SOS KAMRI: 17 A. I am a Cham ethnic minority. 18 Q. Thank you. 19 In discussing the Islamic community in Cambodia, in particular 20 during the 1970s, were all of those who were Muslim -- did all of 21 those who were Muslim consider themselves to be Cham, or were 22 there other ethnicities among the Muslim population? 23 [09.15.28]24 MR. PRESIDENT: 25 Witness, please hold on.

- 1 And Counsel Koppe, you have the floor.
- 2 MR. KOPPE:
- 3 I object to this question, Mr. President. Good morning.
- 4 The witness is not in a position to testify as to how -- how the
- 5 150,000 or so Muslims defined themselves. He can testify about
- 6 himself, possibly his family, maybe some people from his village,
- 7 but his testimony should be limited to what he knows himself.
- 8 BY MR. KOUMJIAN:
- 9 Your Honour, the witness has said he's the President of the
- 10 Islamic Association. He certainly would have knowledge about what
- 11 ethnicities make up the Islamic community of Cambodia. And he
- 12 lived, of course, and <practised> Islam during the 1970s.
- 13 So may I ask the question?
- 14 Q. Sir, what different ethnicities made up the Islamic community
- 15 -- or make up the Islamic community in Cambodia?
- 16 [09.16.46]
- 17 MR. SOS KAMRI:
- 18 A. It is my understanding that there are always ethnic
- 19 minorities, and Cham people can live in Cambodia and they are
- 20 part of the Cambodian community as a whole.
- 21 Q. Okay. Thank you.
- 22 My question's a little different, but let me rephrase it.
- 23 Have you heard of the Chvea? I may be mispronouncing it in
- 24 English. I'll spell it: C-H-V-E-A.
- 25 A. Yes, I heard of Chvea.

- 1 Q. And can you explain who the Chvea are?
- 2 A. I do not know the detail historical background of the Chvea
- 3 group.
- 4 [09.17.46]
- 5 Q. Do they practise Islam? Do you know that, whether or not they 6 practise Islam?
- 7 A. Chvea people practise Islamic religion.
- 8 Q. And sir, have you ever heard of the term "Islamic Khmer"?
- 9 A. Yes, I have.
- 10 Q. And how is that term used or how has it been used?
- 11 A. I do not know the details. However, we lived in Cambodia, and
- 12 we carried Cambodian citizenship. And we considered ourselves
- 13 part of Cambodian community, but we are also known as Islamic
- 14 Khmer.
- 15 Q. Did the Chvea live in different -- were they concentrated in
- 16 different parts of Cambodia than the Cham?
- 17 A. <They had> the freedom to live as a community or to live
- 18 dispersed with Cambodian people <like the Cham people did>.
- 19 [09.19.25]
- 20 Q. Okay. Let me make my question more precise.
- 21 Before the Khmer Rouge came, do you know in which parts of the
- 22 country the Chvea lived?
- 23 A. At that time, I was pretty young, so I do not know in which
- 24 geography -- geographical locations they lived.
- 25 Q. Okay. Thank you.

| 1 | Sir, let me move on, then, to you say you were born in 1950. |
|----|---|
| 2 | Did you grow up in Spueu in the village of Akmok, also known |
| 3 | as Spueu? |
| 4 | A. At that time, Akmok village or Spueu village, it referred to |
| 5 | the same village. |
| б | Q. Thank you. |
| 7 | Is you said you were born there. Did you were you educated |
| 8 | there? |
| 9 | A. I studied general education and Islamic religion in Akmok. |
| 10 | [09.20.52] |
| 11 | Q. Where were you when the Khmer Rouge came to your village? |
| 12 | Excuse me. What year was it when the Khmer Rouge came to your |
| 13 | village? |
| 14 | A. Khmer Rouge entered Akmok village prior to 1975. |
| 15 | Q. Okay. If you don't remember the exact year, that's fine. |
| 16 | When they entered the village prior to 1975, do you remember |
| 17 | what were you doing at that time? Were you in school, were you |
| 18 | working? |
| 19 | A. After the coup d'état, I didn't go to school anymore because |
| 20 | <the> schools closed. And during that time, I worked in the</the> |
| 21 | plantation. And by 1973, I taught young children at their houses. |
| 22 | Q. Okay. So when the Khmer Rouge arrived, were you working on the |
| 23 | plantation or were you teaching Cham children? |
| 24 | A. I was teaching the children. |

| 1 | Q. When you say you were teaching them, can you explain what you |
|----|---|
| 2 | would teach them? Was it strictly reading, mathematics, or was it |
| 3 | also religious training? |
| 4 | A. At that time, I taught the children both that is, Islamic |
| 5 | morality and religion, and Khmer literature. |
| 6 | Q. And can you help us by explaining how life was for Cham people |
| 7 | in Akmok and Spueu village after the Khmer Rouge arrived and how |
| 8 | it changed over time, if it did change? |
| 9 | A. They all they <> all worked in the rice fields. |
| 10 | Q. When you say "they almost all worked in the rice fields", who |
| 11 | do you mean? |
| 12 | A. All the villagers living in the village worked in the rice |
| 13 | fields and in the plantation. |
| 14 | Q. When they arrived, you indicated you were teaching children, |
| 15 | including providing religious training. Can you were you |
| 16 | allowed to continue to do that throughout the time of the Khmer |
| 17 | Rouge regime? |
| 18 | A. No, I was not allowed to continue that teaching. However, |
| 19 | people could continue studying Khmer literature. |
| 20 | [09.24.30] |
| 21 | Q. When the Khmer Rouge first arrived, did they allow the |
| 22 | religious teaching to continue? |
| 23 | A. Before the fall of Phnom Penh, we could provide religious |
| 24 | teaching. However, that was banned after the fall of Phnom Penh. |
| 25 | Q. Did life for Cham people change in any other way after April |

11 Were you allowed, for example, to continue to go to -- to

continue to pray publicly? A. After the fall of Phnom Penh, we were not allowed to eat at 4 5 our own home. We had to eat communally at a common kitchen. And б we were not allowed to continue our religious practice. 7 Q. Were Cham -- did Cham continue to dress in the same manner, or 8 was there any -- were there any regulations about how men and 9 women who were Cham should dress? 10 A. In my village, after it was under the control of the Khmer 11 Rouge, we were not allowed to wear our customary clothing. We had 12 to wear the same clothing provided by the Khmer Rouge. [09.26.26]13 14 Q. What about the Cham language? Before the Khmer Rouge, did 15 people in Spueu, Cham people, speak Cham, and did -- were they 16 allowed to continue to do that throughout the DK regime? 17 A. After the Khmer Rouge took control, we could not speak our 18 Cham language openly. However, we could speak to one another when 19 we were not observed. 20 Q. What about the diet? Did your diet change in any way under the 21 Khmer Rouge? 22 A. It's not only about diet; anything which <was a religious> 23 discipline was prohibited. 24 Q. Were Cham people allowed to get together to meet and talk to

25 each other in public?

| 1 | A. We could speak to each other in the open where we worked since |

| 2 | we were mixed with the Khmer people. |
| 3 | [09.28.28] |
| 4 | Q. Were Cham people allowed to hold a meeting or to speak |
| 5 | together outside of the workplace? Was there any restriction on |
| 6 | groups of Cham speaking together? |
| 7 | A. Besides the workplace, in the village, we could not gather in |
| 8 | large <numbers>.</numbers> |
| 9 | Q. Now, sir, did you continue to teach after the Cham excuse |
| 10 | me, after the Khmer Rouge arrived, or what did you do after their |
| 11 | arrival? |
| 12 | A. I was allowed to continue teaching Khmer literature. |
| 13 | Q. What instructions did you receive about what you could teach, |
| 14 | and who was it that gave you those instructions? |
| 15 | A. There was no clear instruction for teaching since my teaching |
| 16 | was not that formal. <i children.="" just="" teaching="" was=""></i> |
| 17 | Q. Did you ever receive any materials, told to teach about |
| 18 | something and they gave you some written material? |
| 19 | A. There were a few. |
| 20 | [09.30.30] |
| 21 | Q. Do you recall what it was that you were asked to teach about? |
| 22 | A. I recall at that time my teaching was to allow the students to |
| 23 | read. |
| 24 | Q. About how many hours per day or per week would children |
| 25 | were you allowed to teach individual children? In other words, |

- 11 Thank you, Mr. President.
- 12 My apologies for this observation because I think I'm about 25 13 minutes late with it, but I wanted to verify first before I would 14 rise. Is there a particular reason why the witness has not given 15 an oath, either before the Iron Statue or here, which seems to be 16 the practice with Muslims, on the Koran? 17 And is it -- if, indeed, he didn't take an oath, is it my 18 understand that he is giving testimony unsworn as he, I think, 19 did in a WRI? And if yes, what is the reason? 20 (Short pause) 21 [09.32.48]22 MR. PRESIDENT: 23 There are two possibilities. In Rule 24.1, the witness can take 24 an oath based on his or her religion or he or she can confirm the

truth that he or she knows, so please refer to the Internal Rule.

| 2 | to the investigator of the OCIJ, he confirms that he was he is |
| 3 | the Islamic religion. And based on this religion, |
| 4 | it is not necessary for the religion leaders to take an oath. And |
| 5 | the witness has confirmed already that he will only telling the |
| б | truth. |
| 7 | Mr. Sos Kamri, could you confirm, once again, about the written |
| 8 | record of the interview, based on your position and your religion |
| 9 | it is not necessary for you to take an oath? |
| 10 | Can you tell the reason that you do not take an oath? And I, the |
| 11 | President, <have> chosen the second possibility <according td="" the<="" to=""></according></have> |
| 12 | Rule> that you can confirm the truth that you are telling. |
| 13 | The question was put by the defence counsel for the accused, so |
| 14 | it is should have been raised long time ago. In fact, the |
| 15 | counsel should have raised this issue at the beginning of your |
| 16 | testimony. |
| 17 | [09.34.58] |
| 18 | MR. SOS KAMRI: |
| 19 | It is not banned in the Islamic religion <> to take an oath. The |
| 20 | oath is to take and clear whenever we want to declare that we are |
| 21 | the one who owns the property, and if we cannot recall what we |
| 22 | remember fully, it is not necessary to take an oath. And if we |
| 23 | cannot recall and then we <> take an oath, it is against the |
| 24 | religion our religion. |

25 In fact, we have -- we must take an oath when we want to declare

- 1 about the property that we own, for example, land property.
- 2 (Judges deliberate)
- 3 [09.36.31]
- 4 MR. PRESIDENT:

The witness confirmed already about the reason. We deliberated 5 among the trial Judges yesterday to deal with the issue. That is б 7 why the Chamber decided to adhere to the second possibility, and 8 it is according with the criteria set out in the Internal Rule 9 about the confirmation of truth that the witness is telling. 10 This is the criteria set out in Internal Rule 24.1. And the 11 concerned counsel, please refer to that specific Internal Rule. 12 You can now proceed, Co-Prosecutor.

13 MR. KOPPE:

With -- my apologies, Mr. President, but the proceedings is as follows: If you are a witness, you give an oath to tell the truth, the whole truth and nothing but the truth. If you're not religious, you affirm solemnly that you do not -- that you will speak the truth, the whole truth, and nothing but the truth. So apparently, the witness is religious so he should take an oath on the Koran, as many other Islamic witnesses have done.

21 [09.37.55]

22 So this third option which now seems to be applying to this 23 witness is, I think, contrary to Rule -- Internal Rule 24. He's 24 not a civil party. He's not a family member of any of the 25 Accused. He doesn't fit any of the Rule 24 categories, so either

He --9 many religions do not allow an oath. I don't know. I'm not an 10 expert on Islam, and neither is counsel. I believe the witness 11 has clearly affirmed that he understands he is going to tell the 12 truth.

Q. Sir, you're also -- I should tell you that, according to the Penal Code, you're under oath, and any intentional mis-statement could be punished as a crime. So you do agree, sir -- do you promise that you will be telling the truth to the best of your recollection of what you remember about what you saw and heard?

- 18 Do you affirm that?
- 19 MR. SOS KAMRI:

- 2 MR. SOS KAMRI:
- 3 A. There were no specific hours to be taught to those children.
- 4 Q. Did the children work also?
- 5 A. Everyone had to work when -- if they could do the work. It was 6 the obligation that they had to work.
- 7 Q. Approximately what ages were the children that you were giving
- 8 this instruction to?
- 9 A. They were below 15 years old.
- 10 Q. Down to what age? What age was the youngest, approximately?
- 11 A. The youngest was seven years old.
- 12 [09.41.12]
- 13 Q. Did life change for children during the DK regime and their
- 14 relationship with their parents?
- 15 A. It depended on sectors, on -- and on location. Some older

16 children went to stay in the school buildings. And as for younger

- 17 children, they had to stay in the centres where there were people
- 18 looking after them.
- 19 Q. When the Khmer Rouge arrived in Spueu, approximately how many
- 20 Cham families were living in the village?
- 21 A. I can recall that. There were <a little bit> more than 1,250
- 22 families living in that area.
- 23 Q. Sir, when you talk about families, I believe you used

|----|---|
| 2 | Can you explain when you talk about how many families there were, |
| 3 | who's included in a family? |
| 4 | A. It did not specify clearly about the definition or meaning of |
| 5 | "families". Some families were living together. However, there |
| 6 | were some families where husband and wife are living together |
| 7 | with the children, so it depends. It depends on the tradition of |
| 8 | the families. |
| 9 | [09.43.25] |
| 10 | Q. Can you give us any estimate of the average number of people |
| 11 | in a family so that we have some idea of the total population? |
| 12 | You said there were about 1,250 families, approximately. On |
| 13 | average, how many people did one family have? |
| 14 | A. On average there were <mostly> around five <members. some<="" th=""></members.></mostly> |

| 22 | MR. KOPPE: |
| 23 | I object to this question, Mr. President. He's not an expert. He |

- 8 A. All of us, including I, myself, used to see the dead body

- 14 Q. Where were some of these sites; do you recall? Were they in
- 15 the village or outside? Do you recall where they were?
- 16 A. I cannot tell you all the sites. Usually, people were buried

- 18 Q. Did you ever see any of your neighbours arrested?
- 19 A. Yes, I used to see them arrested. They were called out of the

| 5 | Do you know of anyone who disobeyed that order and continued to |

- 13 A. I used to live in that village.

- 18 Q. Why did you go to Cheyyou village?

| 15 | Q. So where did you get that name? Did your father give it to |

14 I really cannot believe, Mr. President, that you allow this kind 15 of questioning just by reading that excerpt from his book without 16 -- just for the form, you know, asking one or two questions and 17 then feeding it to him. We're now entering the area where the 18 reason why this particular witness is coming, of course, it's 19 completely unreliable. He doesn't even remember. | 7 | can tell us whether it does or does not. |
| 8 | May I ask the question? |
| 9 | [10.11.05] |
| 10 | MR. PRESIDENT: |
| 11 | First, the objection by the defence team is overruled regarding |
| 12 | the strategy of questioning by the International Co-Prosecutor, |
| 13 | as it is in line with the practice of the Chamber and it has been |
| 14 | a practice used by the parties so far. |
| 15 | Secondly, on the issue of reliability is not a matter that we can |
| 16 | do it now. The probative value of an evidence is at the sole |

- 17 Co-Prosecutor of the ECCC.
- 18 Q. Good morning, Mr. Witness. Today, I have several questions to
- 19 put to you so that I could have your clarification.
- 20 This morning, you mentioned a lot about the treatment on Cham.
- 21 Now I have a question to seek your clarification.
- 22 During Khmer Rouge time, were female Cham allowed to have their
- 23 hair long?
- 24 MR. SOS KAMRI:
- 25 A. Hair was to cut short. I mean females had to cut their hair

- 1 short.
- 2 [10.40.13]
- 3 Q. When was that, and what did Khmer Rouge do to female Cham to
- 4 cut their hair short?
- 5 A. Clothing tradition had to be abolished, so there was change in6 our tradition.
- 7 Q. Was there a mosque in your village during Khmer Rouge time?
- 8 A. There was a mosque. The walls had been dismantled and only
- 9 roof remained with -- supported by the frame.
- 10 Q. What was that mosque used for in Khmer Rouge time?
- 11 A. They used that mosque to whatever they think they should. For
- 12 example, they used that mosque to hold stuff and to be the dining 13 hall.
- 14 Q. What happened to Koran, the holy book?
- 15 A. The holy book, there were no longer holy book or religious
- 16 books. And stuff -- I mean holy books had been destroyed, and
- 17 those who had the holy books with them, they did not dare to use
- 18 those holy books. And some people, Cham people, destroyed and
- 19 burned down their holy books.
- 20 [10.42.10]
- 21 Q. I would like to backtrack a little bit.
- 22 During the time that Khmer Rouge came to your village, were there
- 23 hakim and imam in your village?
- 24 A. Before 1975, there were religious leaders in every village.
- 25 Q. What about during the reign of Khmer Rouge? What happened to

| 2 | A. I do not know what happened in other villages. In my village, |
| 3 | they had to comply with the instructions. They had to go to other |
| 4 | places with other villagers. |
| 5 | Q. Now, because of the time, I would like to move to another |

| 7 | At around 9.52 minutes, you state you told the International |
| 8 | Co-Prosecutor that you used to see the arrest of people and you |
| 9 | used to see the bodies, the dead bodies, which were freshly |
| 10 | buried. Is that correct, what I summarized? |

| 18 | Did you happen to see with your own eyes the arrests of <cham></cham> |

| 20 | MR. SOS KAMRI: |

| 2 | daytime while they were working. |
| 3 | Q. Perhaps my question is not clear to you. I want to ask you |
| 4 | about when the arrest and detention became intensified. |
| 5 | A. I cannot recall it well, but during 1977, arrests and |
| 6 | detention happened very in a larger in a massive scale, |
| 7 | rather. |
| 8 | Q. You stated that you saw the dead bodies were buried. Where did |
| 9 | you see those pits or dead bodies? |
| 10 | A. The pits were close to a village. |
| 11 | Q. Was the pits that you saw in the forest or in an open field or |
| 12 | in a plantation or in a farm? |
| 13 | A. It, in fact, was a well at the outskirt of the village. |
| 14 | [10.46.15] |
| 15 | Q. Beside the pit that you saw, did you happen to know a location |
| 16 | named Chamkar Ta Paen (phonetic)? |
| 17 | A. I have never seen that location. I heard of its name, and the |
| 18 | name was not Ta Paen (phonetic), but Ta Pom (phonetic). |
| 19 | Q. You are right. Its name was Ta Pom (phonetic), not Ta Paen |

You stated that you were assigned to be a teacher. When did -when were you stopped from being a teacher?

- 6 [10.48.15]
- 7 Q. Do you recall that there was one time you were assigned to go

- 11 Q. Where did you go to find firewood?
- 12 A. I went <into> the <forest> where I could find the firewood.
- 13 Q. When you went into the forest to find and collect wood, did

- 15 A. I encountered the pits where the dead bodies were buried in 16 some locations.
- 17 Q. Did you happen to see people were being killed in the forest

- 19 A. No, I did not witness the killings, the actual killings.
- 20 Q. You stated that you used to see pits where dead body were

- 17 My first set of questions that I want to ask you, as you are an
- 18 Islamic follower and a leader of Cham community, what is the
- 19 importance of this religion to its followers?
- 20 MR. SOS KAMRI:
- 21 A. Every follower of <any> religion has -- have their own

| 2 | You answered some questions put by the Co-Prosecutors, and I want |
|----|--|
| 3 | to ask you about the practice of Islamic religion between 1975 |
| 4 | and 1979. |
| 5 | Was Islamic religion banned from practising? |
| б | A. There was a ban, and close observation or surveillance was |
| 7 | implemented at the time to prevent us from practising <our< td=""></our<> |
| 8 | religions>. |
| 9 | Q. You stated that there was a ban. How was the ban implemented? |
| 10 | Were meetings held to declare the ban on your religion? |
| 11 | A. There were meetings held to explain us about the <abandonment></abandonment> |
| 12 | of religion. We were told not to practise our religions and try |
| 13 | to work for the regime's interests. |
| 14 | [10.58.33] |
| 15 | Q. Can you tell the Chamber about the specific meetings where you |
| 16 | attended and during which you heard about the ban on <islamic></islamic> |
| 17 | religion? |
| 18 | A. In relation to the meetings <concerning and="" other<="" religions="" td=""></concerning> |
| 19 | issues>, <they> happened very quite often in villages and in</they> |
| 20 | other <locations> where we were informed of the ban on religion.</locations> |
| 21 | Q. Thank you for answering my questions. |
| 22 | I am now asking about the period before the Khmer Rouge came to |

- 1 MR. PRESIDENT:
- 2 Please hold on, Mr. Witness.
- 3 You have the floor now, Koppe.
- 4 MR. KOPPE:
- 5 Thank you, Mr. President.
- 6 The question suggests that the Khmer Rouge came to power in '75.
- 7 The witness has testified that it was 1970 or 1971, so I don't
- 8 think the question is appropriate or accurate.
- 9 BY MR. PICH ANG:
- I will ask in detail about this issue, and I believe that counsel for the Accused can ask questions for clarification on this point during the time of your questioning.
- Q. Mr. Witness, before 1975, was there a structure in religious leadership? <Or maybe there was, but it changed through time?> A. Before 1975, we had freedom to practise our religion, so there was structure -- clear structure of religious leadership in the
- 17 -- each and every village.
- 18 [11.01.05]
- 19 Q. Can you tell us the structure of the religious leadership from 20 the national level down to the village level?
- 21 A. During that period <, just like today>, the religious leader
- 22 in the village is <the> hakim and above that, <at the highest
- 23 level,> there was <the> mufti or <chang vang (phonetic)>.
- 24 Q. As for <the> mufti or a <chang vang (phonetic)> in Khmer, the

PRESIDENT: 4 5 Witness, please observe the microphone. MR. SOS KAMRI: б 7 A. The last mufti <was> Res Lah, from my recollection, I was so 8 far from him and I could not know <about> the well-being of this 9 mufti. I only saw his photo in the museum. And I only knew that 10 he was in that mufti position, but I did not know about his fate 11 <later on>. 12 [11.03.01]BY MR. PICH ANG: 13 14 Q. During the control of the Khmer Rouge -- and you already 15 responded to parts of the questions by the International 16 Co-Prosecutor that there was no religious leadership <structure 17 for> the Islamic religion -- and what happened after 1979; was 18 there an attempt to <rebuild> the religious leadership of the 19 Islamic religion, and if so, when did it happen?
- 20 MR. SOS KAMRI:

A. After the liberation day of 1979, people tried to return to their native villages and it was those villagers who actually setting up> a mosque and leadership within the village level and at that time, <the structure at> the national level was not yet

| 2 | Q. And I believe there is a national-level leadership and you are |
| 3 | at that leadership level currently; can you tell the Chamber how |
| 4 | difficult was it to rebuild such a religious leadership structure |
| 5 | after the collapse of the Khmer Rouge regime? |
| б | A. After the liberation day, there was no clear communication |
| 7 | between each leader, so such a structure was established |
| 8 | autonomously at various villages and only at only in 1993, a |
| 9 | religious leader was <elected> at the level of the office of the</elected> |
| 10 | cult and later on, <in 2000,=""> I was appointed to be <an official=""></an></in> |
| 11 | religious leader and the difficult the difficulty was that how |
| 12 | and where to build <the> mosques; that is, a sacred place for us</the> |
| 13 | to pray since about 80 to 90 per cent of mosques were completely |
| 14 | ruined and needed to be rebuilt. |
| 15 | Q. You said those mosques were ruined; can you tell when <and< td=""></and<> |
| 16 | why> those mosques were destroyed? And here, are you referring to |
| 17 | the Islamic mosques<>? |
| 18 | A. Most of the mosques were dismantled and <the> wood <was> used</was></the> |
| 19 | for other purposes and if the mosques were built from cement or |
| 20 | concrete, they would be knocked down and destroyed; then there |
| 21 | was no sacred place for us to pray. |
| 22 | [11.06.30] |
| 23 | Q. And when did these activities take place? |

- 1 village, > the mosques were abandoned after 1975.
- 2 Q. Can I then conclude that the destruction or the dismantling of
- 3 the mosques took place between 1975 to 1979?
- 4 A. Yes, that is correct.

Q. I'd like to put <a> question to you in relation to those who were knowledgeable in <Islamic> religious knowledge and religion or <Islamic> religious <teachers>; what happened to them during the Khmer Rouge regime?

9 A. The religious teachers and leaders were not distinguished; 10 they were -- they were treated <like other> people and sometime, 11 in some locations <where they could hide their identities>, they 12 survived a bit longer. So, again, I conclude that their status 13 <of life-and-death> was <like> the ordinary people.

15 Q. I'd like to ask you about the living condition of the Cham 16 people as well as that of your villagers and of your family 17 members. You already replied to the Co-Prosecutor's request 18 regarding the living conditions of the Cham people, but my 19 question focused mainly on the food regime. What was the food 20 regime given to the Cham people; were Cham people or Islamic 21 religions satisfied with the food regime provided by the Khmer 22 Rouge?

A. Food regime was the second discipline -- that is, <according
to> the <Islamic> religion <>, we had to be very strict with our
food regime. However, during the Khmer Rouge regime, we had to

2 Q. And was pork given to the <> people to eat at the time?

- 3 A. I believe no one could avoid that including myself.
- 4 [11.09.53]

Q. You actually testified about the ban of Islamic religious 5 practice and in the name of an Islamic follower, when such a ban б 7 was put in place, what was an impact upon you, upon your emotion, 8 or upon your family members when such a ban was put in place? A. Of course it had an impact; however, we tried whatever we 9 10 could in order to pray, to practice our religion. We could -- we 11 had to find our way to pray, although it might not conform with 12 the standard practice of praying.

Q. My question is that when the religious practice was banned so that you could not practise it, what was <the> impact upon you cor your family> that you -- you supposed to have done something in order to be compliant with the religious practice; what kind of an emotional impact upon you as a religious follower and a practiser?

19 A. As I have stated, there was an impact on <the> religious. We 20 were offended by the ban, but we had to find our own means to 21 express our <prayers> and practice of the religion.

22 [11.11.45]

Q. I now move to another topic. You stated that you continued to provide your teaching to children during the regime and you also said that you also taught children in 1978; can you tell the

|----|---|
| 2 | you taught the children? |
| 3 | A. I only taught children how to read letters and when it was |
| 4 | working time, I would lead the children to work. |
| 5 | Q. Besides teaching the alphabets, did you teach anything else to |
| 6 | those children; for example, the main content of the teaching, |
| 7 | what was it? |
| 8 | A. There was not much content of what I taught besides teaching |
| 9 | alphabets and, in addition, I would lead those children to work. |
| 10 | Q. I'd like to refer to your statement with Ysa Osman. Actually, |
| 11 | at that time, he worked for DC-Cam. It's at 00230610 in Khmer; |

| 16 | MS. GUISSE: |
| 17 | Yes, thank you, Mr. President. It's a little problem of |

| 23 | <now>.</now> |
| 24 | MR. KOUMJIAN: |

25 That's correct and we would make the 87.4.

- 1 Thank you, Counsel.
- 2 JUDGE FENZ:
- 3 And to be complete, I take it nobody objects to that, for the

- 5 parties object.
- 6 [11.15.08]
- 7 MR. PICH ANG:
- 8 Thank you, Mr. President. The document that I refer to is an

- 12 MR. PRESIDENT:
- 13 Lead Co-Lawyer, please hold on.

- 15 [11.17.11]
- 16 JUDGE FENZ:
- 17 Counsel, could you repeat the reference number of the document
- 18 which is requested to be admitted?
- 19 MR. KOUMJIAN:
- 20 Your Honours, it is D175/3.43. It is the DC-Cam interview that
- 21 was mislabelled previously.
- 22 MR. PRESIDENT:
- 23 Since there is no objection by parties to this document, the
- 24 Chamber admits this document as evidence and reasons will be

- 1 And Lead Co-Lawyer for civil parties, you may use that document
- 2 as a reference when you question the witness. You may continue.
- 3 [11.18.12]
- 4 BY MR. PICH ANG:
- 5 Thank you, Mr. President, and Your Honours. Allow me to quote the6 relevant part again.
- 7 "So <> teaching <> students <and their passing to the next> class 8 <depended> on the <time> available and, in particular, there was 9 very limited time for teaching and those children were educated 10 to be the strongest, <so they understood> the activities of the 11 revolution at the time." End of quote.
- 12 Q. And Mr. Witness, regarding the activities of the revolution in 13 the quote that I read, did you teach such activities of the
- 14 revolution to the children?
- 15 MR. SOS KAMRI:
- 16 A. I cannot recall that clearly. What I gather is that what I
- 17 taught the children -- those young children <--> was rather
- 18 informal<,> and <for higher level of studies,> there were other
- 19 teachers who engaged in other topics.
- 20 Q. Thank you and I move on to another subject. During the Khmer
- 21 Rouge regime, did you know anything about marriage?
- 22 A. Personally, I got married before 1975 according to the
- 23 tradition and religion; however, later on, I once in a while saw
- 24 a marriage ceremony taking place and the future wives and
- 25 husbands were expected to make a commitment.

| 2 | Q. Regarding the commitment being made by those spouses and that |

| 4 | on both sides, to get married? |
| 5 | A. I was not sure about that. I could not say about those who |
| б | involved or who involved in the marriage. |
| 7 | Q. That is all right. And can you tell us about the commitment |
| 8 | that those couples had to make? |
| 9 | A. I cannot recall the details of the commitment; however, in |
| 10 | brief, that they had to love one another and that they had to |
| 11 | follow the path of the revolution. |
| 12 | Q. You said that you were married; can you tell the Chamber, |
| 13 | during the regime that is, the Khmer Rouge regime, were you |
| 14 | allowed to live under one roof with your wife? |

The students -- that is, those children were all Khmer; what 4 about the Cham <children> that you taught in the past, what 5 happened to them or were there other teachers who provided teaching to those Cham children? б 7 A. Yes, there were teachers from somewhere else who taught those 8 children, although I cannot recall the details. 9 [11.25.05]10 Q. Maybe I don't fully get your response; regarding those Cham 11 children, did they continue receiving education or could they 12 attend the class that you taught? 13 A. After I left the village, there was a replacement teacher who 14 taught those Cham children. 15 Q. When you left your native village in around '77 or '78, did 16 you continue living with your wife and your children, if you had 17 any by that time? 18 A. As I stated, I left the village by myself, alone, and my wife 19 continued working in the village with other people. 20 Q. This may be my last question to you. Regarding your relatives 21 who were Cham, did you lose any of them during the Khmer Rouge 22 regime and if so, for what reasons? 23 A. From the outset, I stated that Cham people in my village were 24 evacuated to the surrounding areas in Chamkar Leu district except 25 about 50 families who were allowed to remain. So amongst those

| 7 | A. On my side, about 30 per cent of my relatives disappeared; |
| 8 | however, on my wife's side, there were <80 per cent> of those who |
| 9 | disappeared. |
| 10 | Q. And can you recall the names of your family members who |
| 11 | disappeared during the regime and this is my last question to |

| 11 | the function is of this Highest Council for Cambodian and Islamic |
| 12 | Religious Affairs; what what is its tasks and what are you |
| 13 | doing? |
| 14 | A. The function of the Highest Council for <islamic> Religious</islamic> |

| 22 | highest council; what is its purpose; why does it exist? |
| 23 | [13.35.33] |
| 24 | A. In fact, in all countries, there are religious leaders in the |

> 58 other religious leaders. And the first -- the main task is to 1 2 provide and guarantee disciplines to Islamic religion and number 3 two is to work on this religion and solve any issue arising out 4 of Islamic community. And the leaders -- I mean Islamic religious leaders <have> 5 existed <since> the period before 1975 <> in Cambodia. б 7 Q. Because of technical problems, I didn't get your answer, but 8 that's -- that's all right; I will -- I will consult with my 9 colleague. 10 Are you one of Cambodia's highest Islamic leaders; is that -- is 11 that a fair summary of -- of your position? 12 [13.37.28]13 A. Correct, I am one of the leaders and I am the chairman of 14 other Islamic leaders in Cambodia. 15 Q. And I understand that another position of yours is the -- is 16 being a General Director of Cambodia Islamic Centre; correct and 17 if yes, what -- what are exactly the functions of the Cambodia 18 Islamic Centre? 19 A. In the past period, <after the shutdown of Om Al Qura>, the 20 Royal Government of Cambodia has tasked me <with being> in charge 21 of the centre and that centre is to provide religious training. 22 Q. | 4 | community and also to protect Koran, the <holy book="">.</holy> |
| 5 | [13.39.45] |
| 6 | Q. And my last question on on your position: Because of your |
| 7 | position, are you also able to to give testimony or insights |
| 8 | as to, for instance, how many Cham villages there are in |
| 9 | Cambodia, how many Cham people approximately are now living in |
| 10 | Cambodia, such questions? |
| 11 | A. We are not sure about the population of Islamic people or Cham |
| 12 | people living in Cambodia, but perhaps there are more than |
| 13 | 500,000 Cham people, so the number can be around <500,000 to |
| 14 | 600,000> Cham people in Cambodia. |
| 15 | Q. Now, Mr. Witness, if you'll allow me to ask you whether you |
| 16 | would be able to tell us if it is correct that you initially did |
| 17 | not want to testify in this Court that you were very reluctant |
| 18 | to testify; is that correct. |
| 19 | [13.41.17] |
| 20 | A. It has something to do with my health issue as far as everyone |
| 21 | is concerned. |
| 22 | Q. And and is the health issue the only reason for not wanting |
| 23 | to testify in in this court? |
| 24 | A. That is correct. |

| 2 | that forcing your appearance would lead to protests and violence |
| 3 | within the Cham community? |
| 4 | A. That is the correct statement. If it is necessary, there |
| 5 | should be a protest. |
| б | Q. I'm I'm basing my my question upon documents that we |
| 7 | have about the contacts between you and and the Court, but why |
| 8 | is it that the Council for Islamic Religious Affairs would fear |
| 9 | violence if you were forced to testify? You are the president; |
| 10 | maybe you can enlighten us a bit on this? |
| 11 | A. That is not correct. It it is not my understanding. I have |
| 12 | repeatedly told the Court that it has something to do with my |
| 13 | health issue. |
| 14 | Q. Is it is it correct that you subsequently refused to |
| 15 | undergo a medical assessment in order for the Chamber to be able |
| 16 | to assess your medical situation? |
| 17 | [13.43.53] |
| 18 | A. That is true; however, I have been constantly and monitored |
| 19 | by the doctor and the doctor examined me many on many |
| 20 | occasions. <it's 10="" already="" been="" years,=""> and I, myself, am I</it's> |

[13.47.18]

61 1 A. Please put question in relation to what I should provide my 2 answer. Do not ask me about the issue of others. 3 [13.45.05]4 Q. Let me just then ask the question: Do you know whether Osman Hassan asked, on your behalf, whether you could -- you, as a 5 б witness, could be -- could be replaced by someone else to 7 testify? 8 A. Again, it <> concerns <> my health issue. I am really -- I 9 really want to testify what I have known, but if I cannot because 10 of my health issue, <and if I could be represented, I might have 11 someone to represent me>. 12 Q. Now, in that same interview that you gave seven or eight years 13 ago to the investigators, you say, Mr. President, on E3/5216; 14 English ERN, 00225495; Khmer, 00223891; and French, 00234568; 15 you're saying and I -- I quote you literally, "I don't 16 necessarily take an oath before I speak." 17 Let -- let me -- let me be complete. The actual -- the whole 18 sentence says as follows, "Since I am the Chairman of the Highest 19 Council for Islamic Religious Affairs and the General Director of 20 <the> Cambodia Islamic Centre and based on Islam religion, I 21 don't necessarily take an oath before I speak." End of quote. 22 Can you explain to me what it was that you meant with -- with 23 saying that? Why don't you necessarily take an oath before you 24 speak?

| 1 | A. It appears that I have told the Court already. I told the |
|----|---|
| 2 | Court this morning and perhaps you may have got what I said. |
| 3 | In there is the freedom in Islamic religion. <taking an="" oath<="" td=""></taking> |
| 4 | is not banned.> Actually, there are two possibilities. Sometimes |
| 5 | we may overstate or we may not tell everything in detail and I, |
| б | myself, believe in the religion and that is why I I asked not |
| 7 | to take an oath and in our religion, it is not absolutely |
| 8 | required us to take an oath and this is the role and function of |
| 9 | the religious follower. |
| 10 | Q. My my final question on this issue, Mr. Witness. Do you |
| 11 | agree with me that, according to Islamic faith, a witness can |
| 12 | only be considered to be under oath if he or she swears to tell |
| 13 | the truth, swears in the name of Allah, peace be with him, if |
| 14 | only in that situation, he can be considered taking a declaration |
| 15 | or or making a statement under oath? |
| 16 | [13.48.56] |
| 17 | A. That is also the freedom of Islamic follower whether or not |
| 18 | they want to take an oath. The religion Islamic religion does |
| 19 | not require an individual in Islamic community <not> to take an</not> |
| 20 | oath absolutely; it depends on their will. |
| 21 | Q. Very well, thank you, Mr. Witness. I will move on to the next |
| 22 | subject and that is the the number of Cham people that live |
| 23 | now in Cambodia, but also after '79. |
| 24 | At various moments in your testimony, you say that according |
| 25 | to you, after '79, about 300,000 Cham were still living in |

| 1 | Cambodia; is that correct and if if yes, what is the source |
|----|---|
| 2 | for this figure; where did you base yourself upon; how did you |
| 3 | come to the 300,000? |
| 4 | A. That is that was the estimate. We did not conduct the |
| 5 | actual consensus census at the time. That is why I do not want |
| 6 | to take an oath. |
| 7 | We examined the population in villages and after that, we came to |
| 8 | a an estimate about that rough number, so no one is known for |
| 9 | sure about the exact figure of Cham people living after that |
| 10 | period; that is why I asked not to take an oath. |
| 11 | [13.51.07] |
| 12 | Q. Do you know whether there was a population count or a sort of |
| 13 | census in 1982, here in Cambodia and the number of 180,000 Cham |
| 14 | 182,000 Cham came up; are you aware of that figure? |
| 15 | A. I am not aware of that. At that time, I was living in my |
| 16 | village and I was not going anywhere to get the information about |
| 17 | that. |
| 18 | Q. In your statement to Eva (phonetic) Ysa Osman, you're |
| 19 | saying that, according to those who remember, there were about |
| 20 | 700,000 Cham in Cambodia before 1975; can you explain to us how |
| 21 | exactly those people that you talked to came to that figure? Did |
| 22 | they tell you? |
| 23 | [13.52.30] |
| 24 | A. That was also the estimate from Sangkum Reastr Niyum based on |

| 4 | do some calculation or can you give us some more details as to |
| 5 | how this figure of 700,000? |
| 6 | A. When we did not have any have specific basis to rely on; |
| 7 | that is why people came to different estimates. And from my |
| 8 | estimate to my estimate, the population was from 400,000, so |
| 9 | it depended on those who came to their own estimate. |
| 10 | Q. Are are you aware of the fact that international scholars, |
| 11 | American or Australian, are giving numbers of the total Cham |
| 12 | population before '75, which are dramatically lower than the |
| 13 | 700,000 that you mention? |
| 14 | A. That is not true. |
| 15 | [13.54.33] |
| 16 | Q. Let let me be more specific. There's an American scholar |
| 17 | who says that before 1975, there might have been roughly 190,000 |
| 18 | Cham and an Australian scholar, Kiernan, saying approximately |
| 19 | 250,000 Cham in '75. |
| 20 | JUDGE FENZ: |
| 21 | Counsel, just for completeness, now we need the reference since |
| 22 | you are so specific. |
| 23 | BY MR. KOPPE: |
| 24 | It's the same document that I used when questioning expert Osman; |
| 25 | E3/9382 <(sic)>, I believe. It's actually also mentioned in |

| 1 | E3/9701, which is an article by Eva (sic) Osman in the "Phnom |
|----|--|
| 2 | Penh Post" in which Osman actually quotes this witness as his |
| 3 | main source. |
| 4 | So, Mr. Witness, do do you have a reason or can you explain to |
| 5 | us why there is such a difference between what scholars seem to |
| 6 | estimate, based on the various census, and your sources? There |
| 7 | seems to be a difference of almost 500,000 people; can you |
| 8 | explain that? |
| 9 | [13.56.34] |
| 10 | A. Now, I asked for I ask for your consideration. Currently, |
| 11 | in Tboung Khmum Province, one village consists of <almost 2,000=""></almost> |
| 12 | families and <that considering="" in="" is="" just="" people="" the=""> three</that> |
| 13 | villages <for chumnik="" in="" instance,="">, Trea and <kratie> village</kratie></for> |
| 14 | <which and="" called="" in="" is="" phluoh="" pongro.="" reastr<="" sangkum="" so,="" td="" teal=""></which> |
| 15 | Niyum regime, there were more than 1000 families. And if we |
| 16 | multiply the population of the three villages by five,> there are |
| 17 | perhaps <100,000 or 200,000> Cham people living in the country. |
| 18 | Q. There seems to be also a very big difference in numbers when |
| 19 | it comes to possible deaths in relation to the Cham during DK. |
| 20 | This American scholar estimates about 11,000 Cham being killed. |
| 21 | This Australian scholar talks about 77,000 Cham being killed and |
| 22 | you say about 400,000 Cham were killed; can you explain that |
| 23 | difference? |
| 24 | JUDGE FENZ: |
| 25 | Sorry, Counsel, again, which scholar and where? |

- 1 [13.58.30]
- 2 MR. KOPPE:
- 3 Vickery is talking about 10,710. Kiernan -- Ben Kiernan, 77,000 4 and he, himself, according to Osman, talks about 400,000. So --5 JUDGE FENZ:

- 7 BY MR. KOPPE:

8 E3/9701; it's the evidence, actually, of -- of Osman and it's the 9 same document that I referred to earlier. It's the article of 10 Michael Vickery relating the -- the figures and statistics of 11 Kiernan and the "Phnom Penh Post" article of Osman; that's the 12 "Post" article 10 March 2006, E3/9701; English ERN, 01199557 and 13 558; Khmer, 0126400 (sic) and 01.

Q. So, again, we have an American scholar, Michael Vickery; we have an Australian scholar, Ben Kiernan, who give dramatically different figures in terms of casualties than -- than you. So my -- my question is also in relation to the position that you have; can you explain that big difference in numbers?

- 20 MR. SOS KAMRI:
- 21 A. I think, after the liberation, I went around and observed
- 22 villages. Many, many Cham people died and there were small
- 23 numbers of Cham people survived the regime.
- 24 Cham people died. They were from different villages, so it
- 25 depended on the small or big villages, so Cham people -- 50 per

| 1 | cent of Cham people may have died. This is based on my estimate |
|----|--|
| 2 | and also based on my actual observation. I cannot we cannot go |
| 3 | to one individual to ask specifically about that issue. |
| 4 | And the regime lasted for almost four years; three years, eight |
| 5 | months and 20 days. The birth rate is also high after that |
| 6 | period. It was also high after that period. So the death toll |
| 7 | perhaps may have a <high> number and also the birth rate may have</high> |
| 8 | a <high> number as well.</high> |
| 9 | [14.01.40] |
| 10 | Q. Last question that you yourself said after '79, that there |
| 11 | were about 300,000 Chams still living. How did you, in light of |
| 12 | what you just said, come to that actual number? Did you go to all |
| 13 | villages in Cambodia, also other villages? Did you go to Phnom |
| 14 | Penh? How was that number reached, the 300,000? |
| 15 | A. I went to most of the villages since I was one of the |
| 16 | religious teachers and I was invited to attend many meetings to |
| 17 | disseminate religious information. So I went to, say, 70 to 80 |
| 18 | per cent of the Cham villages throughout the country. |
| 19 | Q. And that's how you reached the number of 300,000? |
| 20 | A. Yes, that is correct. |
| 21 | [14.03.05] |
| 22 | Q. Let me now move onto your testimony into what was said during |
| 23 | a certain meeting and what you subsequently may have read. It is |
| 24 | a bit unclear to me when you were asked questions about a meeting |
| 25 | during which the fate of Cham was allegedly discussed what year |

| 1 | that was. When exactly was it? Was it in November '78, as you say |
|----|--|
| 2 | somewhere? Was it in '77? Was it in early '78? Do you remember? |
| 3 | A. As I stated this morning, I attended several meetings at |
| 4 | <this> time. I also took children to work and there were meetings</this> |
| 5 | <attended by=""> people from different levels. For that reason, I</attended> |
| 6 | cannot recall specific details regarding each meeting. |
| 7 | Q. I understand. But at one point you are saying November '78, |
| 8 | and in another statement you are saying '77 or early '78. Can you |
| 9 | tell us what it was, early '78, late '78; late '77? What was it? |
| 10 | A. I attended those meetings around 1977, but I cannot recall |
| 11 | whether it was in early or late '77, as I went to <cheyyou> in</cheyyou> |
| 12 | early '77 and I returned in early '78. |
| 13 | Q. Have you ever heard of a person called Mat Ly? |
| 14 | A. During the Pol Pot regime, I did not know him. And I heard of |
| 15 | his name only after the liberation day. |
| 16 | Q. So you never spoke to him after 1979? |
| 17 | A. After 1979, I rather frequently met with him. |
| 18 | [14.06.03] |
| 19 | Q. Okay. Can you tell us something about the nature of your |
| 20 | conversations with Mat Ly? |
| 21 | A. It was a casual conversation, and at that time I did not speak |
| 22 | to him on any specific subject. |
| 23 | Q. Did he tell you when he spoke to you what his functions were |
| 24 | during the DK regime, what positions he held in the former East |
| 25 | Zone? |

| 1 | A. No, I was not aware of that. He never told me about it. |
|----|---|
| 2 | Q. Have you heard of a person called Ouk Bunchhoeun who is |
| 3 | presently a member of the senate in Cambodia? |
| 4 | [14.07.12] |
| 5 | A. No, I never heard of that name. |
| б | Q. So following this, you also do not know what his function was |
| 7 | in the East Zone between '75 and '79; correct? |
| 8 | A. As I stated earlier, during the regime, it was prohibited to |
| 9 | walk freely, and that happened to everybody. So I did not know |
| 10 | any specific positions that he held. |
| 11 | Q. I'll get back to Mat Ly later, but now let me return to the |
| 12 | document you said you saw. This morning you were not able to give |
| 13 | details about a document or a small book or booklet that |
| 14 | discusses the fate of the Cham. But I am asking you again, what |
| 15 | do you remember about having seen a small booklet called "The |
| 16 | Plan for Progressive Cooperatives"? What do you remember? |
| 17 | A. As I stated this morning, I was assigned to measure land. I |
| 18 | did not know whether they wanted to draw a sketch or not. And |
| 19 | when I arrived in the area, the chief there was not there and |
| 20 | only the messenger was there. So I asked the messenger if he had |
| 21 | any book or document so that I could read to pass the time. And I |
| 22 | was given that book which discussed about the enemy situation. |
| 23 | [14.09.36] |
| 24 | Q. In your statement to the investigators of the OCIJ; English |

| 1 | you're saying it was a light yellow book, a book with a light |
|----|---|
| 2 | yellow cover that had it was small and it had 16 pages. Is |
| 3 | that what you said? Is that correct? Is that your recollection? |
| 4 | A. I was not 100 per cent sure that it was a light yellow cover. |
| 5 | This is not 100 per cent certain, and I believe I recall it that |
| 6 | the title for the book was "The Plan for Progressive |
| 7 | Cooperatives". I did not read the entire booklet. I only read the |
| 8 | section about the enemy situation concerning the Cham people. |
| 9 | Q. And how do you remember it was 16 pages? |
| 10 | [14.11.05] |
| 11 | A. Because it the book was rather thin and the size was small. |
| 12 | Q. And according to your WRI you remember reading, "Cham is the |
| 13 | biggest enemy who must be totally smashed before 1980?" And you |
| 14 | say, "I was scared and not dared to read any further so I took it |
| 15 | back to its original place". Is that what you said to the |
| 16 | investigators and to Ysa Osman? |
| 17 | A. I was not sure about the year that you quoted but I'm sure |
| 18 | about the plans to kill the Cham people. I can only tell you what |
| 19 | I am certain of. I did not know whether the author of that book |
| 20 | exaggerated or not, but that was what I recall. |
| 21 | Q. And was it a young messenger who gave you that little booklet? |
| 22 | A. No, he did not hand me the book. He actually gave me a whole |
| 23 | bunch of books <>. I picked one and that was the book that I |
| 24 | picked. |
| 25 | 0 Did you have the improgram when you get this pile of backs |

> 71 1 that those books were somehow secret? Because apparently he gave 2 you the books just for you to pass some time; correct? 3 A. Yes, that is correct. And of course I did not have any 4 intention to want to know about this matter. However, it happened 5 that I read that book. I <only wanted> to read something to pass the time. б 7 Q. And where did this messenger get this pile of books from? 8 Where was this pile of books in the office? 9 [14.13.52]10 A. The books were from the office of his superior. In fact, I 11 went to the superior's office <where> I was <supposed> to work 12 there. 13 Q. Did you ever speak to Mat Ly about the existence of this 14 little 16-page booklet? 15 A. No, I never spoke to him about that. 16 Q. Did you speak to anyone else except the investigators of the 17 Court and Ysa Osman about the existence of this little book? 18 A. I used to speak occasionally with my friends about the book 19 but not to anybody else. 20 Q. Do you have an explanation, Mr. Witness, as to why you are 21 literally the only person in the case file or at all to speak 22 about this little book and its content in relation to the Cham? 23 In other words, do you have an explanation as to why Mat Ly who 24 had a high function in '77, doesn't know anything about this 25 little book?

- 1 [14.15.47]
- 2 MR. KOUMJIAN:

3 I will just note an observation that, in fact, in Kiernan's book 4 he talks about two different sources who saw document 163 which 5 contains a similar plan. And we have had testimony about a plan 6 to kill all the Cham from other witnesses who were present and 7 heard that. We have had several witnesses talk about that. 8 BY MR. KOPPE:

9 That's incorrect, Mr. President. There is no other witness or 10 there is no evidence whatsoever on the case file that speaks 11 about the booklet called "The Plan for Progressive Cooperatives". 12 Q. But let me rephrase, Mr. Witness. Mat Ly had a high-ranking 13 functioning within the East Zone in '78. He left Cambodia in May 14 '78, presumably. Are you in a position to explain as to why the 15 highest-ranking Cham person, Mat Ly, doesn't speak at all about a 16 little booklet containing a plan to smash the Cham of which he 17 was, as I said, the most high-ranking member?

- 18 [14.17.11]
- 19 JUDGE FENZ:

20 Counsel, to me this sounds like an invitation to speculate. Tell 21 me why it isn't, why it wouldn't be.

22 BY MR. KOPPE:

Q. I will rephrase. Isn't it true, Mr. Witness, that you never saw such a little book and that you never saw a sentence in it saying that the biggest enemy was the Cham and that they had to

- 2 [14.17.39]
- 3 MR. SOS KAMRI:

A. Initially, you wanted me to take an oath and now <> you want me to say something that I <don't know>. I am here to tell <you what I know and what> I saw <>. <How could I tell you what I don't know?> I could not say anything else about <their plans. I was not with them. How could I guess> what they did <?> And at that time I did not know Mat Ly. What else do you want me to say <>?

Q. Let me ask it very <concretely> -- and please do not be offended when I ask the question. But the fact that you are not taking an oath, is that because of this particular answer that in fact you didn't see that little booklet but you are afraid to say so under oath?

16 A. Here I don't think we need to use the word afraid because here 17 we are talking about the truth. I only say about what I saw, of 18 what I heard of. Besides that, I do not know what else to tell 19 you in my capacity as a religious follower.

Q. Let me turn to the meeting that you said you were present. Yousaid that at a meeting you also heard cadres talk about enemies.

- 22 Is my understanding correct that at this meeting there was no
- 23 specific reference to Cham?

24 [14.19.48]

25 A. It's true that during the regime, at a meeting, we <would>

1 discuss the issue of the enemy. And it was a normal topic of the 2 meetings. 3 In addition, I made my personal conclusions in relation to the killing of the Cham people and the Khmer people. And my 4 5 conclusion was that more Cham people had been killed amongst the Cham community. And I could say that 70 to 80 per cent of Cham б 7 people had been evacuated from their native villages. 8 Q. When you were at this meeting that you said people spoke about 9 enemies and when you read that little booklet containing that 10 particular phrase, were you still teaching? Were you still a 11 teacher? 12 [14.21.12]13 A. After I heard what <was> said at the meeting, I was reassigned 14 to return to my village. As for the book, I believe I read it in 15 about October of 1978, so here we <are referring> to a different 16 time period. 17 Q. Just to be sure are you now -- maybe I am mistaken -- right 18 now changing the event of you seeing that little book to October 19 '78, rather than late '77? 20 A. I do not get your question. 21 Q. Well, you might remember that about 20 minutes ago I asked you 22 when it was that you read this little booklet and when it was 23 that you had this meeting. It was my understanding but, please 24 correct me if I am wrong, that you said you saw that little 25 booklet end of '77, early '78. Is that correct or are you now

- 2 A. It was in late 1978, when I saw that book. However, I returned
- 3 from Cheyyou in early 1978.
- 4 Q. Well, when was it exactly that you stopped being a religious 5 teacher?
- A. In relation to religious affairs, in fact, I <had> stopped my
 religious teaching <in early> 1975, when it was prohibited.
- 8 Q. Well, let me read to you what you said to Ysa Osman, document
- 9 D175/3.43, English page 5. Let me get the Khmer ERN later for
- 10 you, Mr. President.
- 11 You say, and I quote, "I have to add that in 1977 or early '78, I
- 12 was still teaching even though my mandate had expired."
- 13 [14.24.24]
- 14 MR. KOUMJIAN:
- 15 Counsel is confusing teaching and teaching religion. It's clear.
- 16 The witness has consistently said all day that he taught.
- 17 Religion was prohibited after '75, but he continued to teach
- 18 limited classes to children under the Khmer Rouge regime.
- 19 BY MR. KOPPE:
- 20 No problem, Mr. President. Let me clarify.
- 21 Q. When you said that you were still teaching late '77, early '78

1 MR. SOS KAMRI:

A. I stated this morning that I <had> taught Khmer literature and religion <since> 1973. However, in 1975, I could no longer teach religious teaching. I could only teach Khmer literature since the Cham people -- the Cham children or the Khmer children had to study Khmer alphabet.

And when I was in Cheyyou, I only taught Khmer lessons to the children since religious teaching was banned <since early> 1975. Q. But were you teaching in the same place, in the same building? What I want to know is how you were able to conceal when you were teaching in '77 or '78, that before you had been teaching

12 religion or religious matters?

A. I have already stated I stopped my religious teaching in 1975,
and after that I only taught Khmer literature. I went to Cheyyou
for a year and I returned from Cheyyou in early 1978.

Q. So the moment that you saw this little booklet it was unknown to the commune chief that you had been teaching religious studies before; is that correct?

A. After I stopped teaching, and that is in early 1978, I wasassigned to transport firewood to the office. Then in late 1978,

21 I was assigned to measure land in other villages. And that was

22 the time that I happened to see that little booklet.

23 [14.27.59]

24 Q. And is the only means that you used to conceal your Cham

25 identity was the changing of your name or were there also other

77

| 1 | things that you did in order to conceal your Cham identity? |
|----|---|
| 2 | A. In fact, after my return to my native village, I was still |
| 3 | known as a Cham person. From my recollection in early or |
| 4 | mid-1978, the killing was postponed <for about="" months="" six=""> and</for> |
| 5 | there was no longer any research into the background of the |
| 6 | villagers living there. And that continued until <1979>. During |
| 7 | that period, I was assigned to measure land and <> people there |
| 8 | <still> recognized me as a Cham person.</still> |
| 9 | Q. Let me turn to my last subject, Mr. Witness. In your interview |
| 10 | with Osman, Ysa Osman, you speak about the rebellion in Kaoh Phal |
| 11 | and Svay Khleang in 1975. What is it that you know about this |
| 12 | rebellion in '75? |
| 13 | [14.29.35] |
| 14 | A. I am not sure about that. I only heard of that matter that |
| 15 | they rebelled, but I did not know the details about the rebellion |
| 16 | and since I did not know for certain, I do not wish to speak |
| 17 | about this. |
| 18 | Q. Let me read to you what you said in your interview to Ysa |
| 19 | Osman, D175/3.43. It's English page 8. You said that: |
| 20 | "The Khmer Rouge retaliated violently against the insurgents. In |
| 21 | Kaoh Phal, the Khmer Rouge massacred almost the entire population |
| 22 | and brutally dispersed the few survivors to remote villages." End |
| 23 | of quote. |
| 24 | How did you know this? Who told you this? |
| 25 | A. At that time, I did not see Kaoh Phal. I only heard about |

| 1 | people who came across me and spoke about it. Then I referred to |
| 2 | the referred those people to Kaoh Phal and I told them about |
| 3 | what I heard about what happened in Kaoh Phal. |
| 4 | Q. Have you also heard anything as to those who might be |
| 5 | responsible for the crushing of this rebellion? Which Khmer Rouge |
| б | cadres were possibly responsible for the crushing of this |
| 7 | rebellion and, as you call it, the massacre of the entire |
| 8 | population? Have you ever heard that? |
| 9 | [14.31.41] |
| 10 | A. No. |
| 11 | Q. Have you ever heard anything of involvement of people who are |
| 12 | presently in the government in relation to the crushing of this |
| 13 | rebellion? |
| 14 | A. I have never heard of it. |
| 15 | MR. KOPPE: |
| 16 | Thank you, Mr. Witness. Thank you, Mr. President. |
| 17 | My national colleague has a few questions as well. |

| 22 | Good afternoon, Mr. Witness. I am the Co-Lawyer for Nuon Chea. I |

| 24 | Q. To your observation of Chamkar Leu district and besides Spueu |

Extraordinary Chambers in the Courts of Cambodia Trial Chamber – Trial Day 396 Case No. 002/19-09-2007-ECCC/TC 6 April 2016

| 1 | MR. SOS KAMRI: |
|----|---|
| 2 | A. There was another small village Ou Krai (phonetic) village. It |
| 3 | was to the east and was about 4 kilometres apart. |
| 4 | Q. Do you know how many Cham families are living in that small |
| 5 | village? |
| 6 | A. It is my estimate that not more than 50 families were living |
| 7 | in that small village in Sangkum Reastr Niyum regime. |
| 8 | Q. This morning you stated that you attended <a> wedding ceremony |
| 9 | during the Khmer Rouge time one or two times. To your |
| 10 | observation, did Cham people get married in Democratic Kampuchea? |
| 11 | [14.34.13] |
| 12 | A. I can recall that after I was there, Cham people were asked to |
| 13 | marry one another based on the instruction of Angkar and I was |
| 14 | the last one the last couple who got married based on the |
| 15 | ritual ceremonies. |
| 16 | Q. Was there a ban that Cham people were not allowed to get |
| 17 | married to one another <or ethnic="" groups="" other="" to="">?</or> |
| 18 | A. There was no such a ban. Cham people could marry one another. |
| 19 | I refer to Cham people who were living in villages, but I do not |
| 20 | know whether that was applicable as well in offices. |
| 21 | [14.35.20] |
| 22 | Q. Thank you. You were a teacher in the Democratic Kampuchea. |
| 23 | Before you were moved to Cheyyou, you were teaching children of |

| 25 | discrimination, I mean in the training or the classes that you |
| | |

1 provided to Cham people and Khmer people?

2 A. In fact, the children that I taught received the same 3 education and the children of Khmer people in Cheyyou loved me more than the children of Cham people <in my village>. 4 5 Q. This morning you stated that you moved to Cheyyou alone. What б about your wife and children? Did they remain living in Spueu 7 after you moved to Cheyyou or did they move to any other place? A. At the time, I had two daughters, so I could visit my house 8 once in a fortnight and once in 10 days. So my wife and my two 9 10 daughters remained living in Spueu.

11 Q. The 50 families, Cham families in Spueu, you stated that some 12 of them, Cham families, had been evacuated and only 50 families 13 remained living in Spueu. Did they remain living in Spueu until 14 the end of the regime or did they move to some other places? 15 A. After the evacuation of some Cham families, more than 50 Cham 16 families remained living in that village. People from Phnom Penh 17 had been evacuated as well to that village -- to live in that 18 village. The evacuation of Cham people had been transferred 19 before 1975 and 20 -- between 20 to 30 families from Phnom Penh 20 were sent to live in that village. And later on some <of the Base 21 People there -- the 53 in the village -- and the New People> had 22 been killed.

23 [14.38.31]

24 Q. What was the reason that those Cham, <the 53> Cham families,

25 were killed?

| 1 | A. No one knows the reason for the killings, <including new<="" th="" the=""></including> |
|----|---|
| 2 | and the Old People>. Because of that, everyone was afraid to be |
| 3 | killed. |
| 4 | So those people were waiting <to be="" called,="" hoping="" they="" were=""></to> |
| 5 | that their lives would be spared. We lived very fearfully. |
| 6 | Q. In DK, Democratic Kampuchea, what was the nationality or |
| 7 | ethnicity of the chief of Spueu village? |
| 8 | [14.39.41] |
| 9 | A. After the evacuation, the leaders mostly were Cham and later |
| 10 | on, most of them met very unfortunate fates and <all of=""> them</all> |
| 11 | were <> killed. |
| 12 | Q. After they were killed, who became the leader of Spueu |
| 13 | village? |
| 14 | A. After the killings, new faces had been replaced. |
| 15 | Q. Were they Cham or were they Khmer from other areas? |
| 16 | A. These new people were Cham. However, there were two others who |
| 17 | came to monitor the new leader. Later on, the two observers were |
| 18 | also killed. |
| 19 | Q. So <> there were purges in your village or there weren't, |
| 20 | that's why Cham people could live and survive the regime? |
| 21 | [14.41.19] |
| 22 | A. First, evacuation took place <on> a large scale before the</on> |
| 23 | fall of Phnom Penh. Killings happened at the places where people |
| 24 | were being evacuated. Killings at Spueu happened at a later |
| 25 | stage. |

| 1 | not be Cham people. Can you explain to the Court a difference |
|--|---|
| 2 | between the religious followers and the Cham people? |
| 3 | A. Of course there is a connection between the Cham people and |
| 4 | religious followers. If only the Cham people who practice Islamic |

| 9 | within the context of religion. |
| 10 | Q. Does it also mean that Cham people who forfeited their |
| 11 | religion were not considered enemies and if they continued to |
| 12 | practice Islamic religion, they would be considered enemies; is |
| 13 | that correct? |
| 14 | [15.04.36] |

| 15 | A. No, that is not the case. I think that whether you were Cham |

- 8 Q. After 1979, in your village, that is, out of the 53 families,
- 9 how many families remained?
- 10 MR. PRESIDENT:
- 11 Witness, please observe the microphone.
- 12 MR. SOS KAMRI:

13 This morning I stated that between 20 to 25 <per cent of them> 14 returned to live in the village and I did not refer to <> the 50 15 families <>. I referred to the entire people who used to live

16 there and about only 20 per cent of them returned to live in the

- 17 village.
- 18 BY MR. LIV SOVANNA:

19 Q. Now, I would like to refer to Spueu village. How many Cham

20 families survived in that village?

21 MR. SOS KAMRI:

22 A. One day, about 10 years ago, I met with <> elderly <men> who

- 23 lived in that village and I told <them> that the historical
- 24 background should be compiled for the younger generation, that
- 25 <the> head counts of Cham people living in various areas should

| 3 | And also they should do the head count of the survivors and the |
| 4 | younger generation. And the elderly people counted <1,225> |
| 5 | families and there were only 144 families from <spueu> village.</spueu> |
| б | [15.08.43] |
| 7 | Q. In your statement before OCIJ, that is, $E3/5216$, at Khmer ERN, |
| 8 | 00223894; French, 00234571; and English, 00225498; you stated |
| 9 | that amongst the 53 families, 14 families of the Cham people were |
| 10 | killed. Can you react to that statement? |
| 11 | A. That is about right that I referred to the 50 or so of the |
| 12 | Cham families from that village, and that excluded other Cham |
| 13 | people from other villages. |
| 14 | Q. Can you tell the Court whether those 14 Cham families were |
| 15 | taken and killed at the same time or only a family was taken at a |
| 16 | time? |
| 17 | [15.09.56] |
| 18 | A. I can recall that some Cham people from the village were taken |
| 19 | while others were taken from a plantation. So Cham people from |
| 20 | the village, some of them were sent to the plantation, together |
| 21 | with those at the plantation, <> they were taken away. |
| 22 | Q. Did they disappear at the same time? |
| 23 | A. They disappeared at a different timeline and that happened in |
| 24 | 1977 and early 1978. |
| 25 | Q. In the interests of time, I have one last question to put to |

86

you. Since you are the president of the council -- the Higher 1 2 Council for the Cham people -- for the Islamic religion, besides 3 the Cham people living in Kampong Cham province, <compared to the Cham people> in Krouch Chhmar district, can you tell the Chamber 4 5 whether the rate of the disappearance of Cham people elsewhere is similar or higher than that of the <Krouch Chhmar> district? б 7 A. From the query I made regarding the disappearance when I was 8 in my religious leadership role, it happened in Peam Chi Kang, 9 that is in the lower part <of Kampong Cham>, and that happened 10 more than those at the upper part. A similar rate occurred for 11 <Krouch Chhmar>. People who lived along the river banks usually 12 lived on the land, not in the river. 13 In some villages, people completely disappeared while <in other 14 villages,> there were <less than half of the villagers> remained. 15 <There were many villages like that.> 16 [15.12.11]17 Q. Does it mean that in other areas besides those villages along 18 the river bank, the disappearance rate was less than those who 19 lived along the river bank? 20 A. Yes, that is correct. Also, the rate of disappearance was less

21 than 50 per cent along the border while the disappearance rate

22 along the river bank was higher than 50 per cent. <And the

23 disappearance was about 40 to 50 per cent on land.>

24 MR. LIV SOVANNA:

25 Thank you, Oknha. And thank you, Mr. President.

- 6 QUESTIONING BY MS. GUISSE:

7 Thank you, Mr. President. Good afternoon to all of you. Good 8 afternoon, witness. My name is Anta Guisse and I am the 9 Co-International Counsel for Khieu Samphan and it is in this 10 capacity that I am going to put to you a few extra questions. 11 Q. A first point, to make sure that I understood your testimony 12 properly, I understood that when the Khmer Rouge arrived in your 13 village you continued working as a teacher and at one point in 14 time, however, you went to Cheyyou village. So did I understand 15 your testimony properly? 16 MR. SOS KAMRI:

17 A. Yes, that is correct.

18 Q. I also understood this morning that you made a request to 19 leave your village in Spueu. So to whom did you make this

20 request?

A. At that time, there was also a "neayuok" or director in <the>
commune and that director <of Cheyyou village> was <also> from
<Spueu commune. So I asked the director in the commune to go

- 24 there.>

| 1 | Q. I have the impression that I missed some of your answer. So |
|----|---|
| 2 | let me put the question to you again. So to whom did you make the |
| 3 | request to leave Spueu village? |
| 4 | A. As I stated, in the commune, there was a commune director who |
| 5 | was the head of teaching and I requested permission from that |
| б | director to move to another village within the same commune. |
| 7 | Q. Do you remember the name of this commune director and had he |
| 8 | been there for a long time when you made that request? |
| 9 | A. I cannot recall the name of the director as it happened many, |
| 10 | many years ago. |
| 11 | [15.15.42] |
| 12 | Q. And had he been in that function for a long time Did you</th |
| 13 | know this director from before> <> or did he come from elsewhere? |
| 14 | A. As I stated, nobody was in a position for a fixed period of |
| 15 | time. Usually, they would be replaced by somebody else. For that |
| 16 | reason, I cannot recall the exact duration of his position. |
| 17 | Q. But we agree that it is you who made that request; correct? |
| 18 | A. Please repeat your question. |
| 19 | Q. So you are the one who requested to be assigned somewhere |
| 20 | else; correct? |
| 21 | MR. SOS KAMRI: |

| 3 | So could you please repeat your answer? |
|----|--|
| 4 | [15.17.05] |
| 5 | MR. SOS KAMRI: |
| 6 | A. Yes, that is correct. I was the one who made the request. |
| 7 | Q. And were you the one who asked it to be appointed to Cheyyou, |
| 8 | or was it the director who chose that assignment for you? |
| 9 | A. I stated repeatedly because I was fearful of death, I was the |
| 10 | one who made that request. |
| 11 | Q. My question was, are you the one who chose Cheyyou or is it |
| 12 | the commune director who chose that assignment for you? |
| 13 | A. I made my request to go there. |
| 14 | Q And how far was Cheyyou from Spueu? |
| 15 | A. From the location I lived to that <school,> it was about four</school,> |
| 16 | to five kilometres. |
| | |
| 17 | Q. I am putting these questions of clarification to you, Witness, |
| 18 | because we have the copy here of an interview that you gave to |
| 19 | Ysa Osman, document D175/3.43, and this is what is written in |
| 20 | this document regarding your departure from Spueu. |
| 21 | So first of all, do we agree that during the entire DK period |
| 22 | either you lived in Spueu or you lived in Cheyyou? Aside from |
| 23 | your job measuring lands, you didn't live anywhere else; is that |
| 24 | correct? |
| 25 | A. I have stated that I was stopped doing the work in <early></early> |

Q. I apologize but the interpreters did not hear your answer<>.

| 1 | 1978, and I was reassigned to measure land in late 1978. So |
|----|---|
| 2 | please make it clear that I <already> stopped teaching <>, and</already> |
| 3 | later on I was <homesick a="" back="" come="" i="" made="" request="" so="" to="">. So I</homesick> |
| 4 | did not live in two places at the same time. |
| 5 | Q. When you were in charge of conducting topographic surveys you |
| 6 | had already left Cheyyou and you had already gone back to your |
| 7 | village in Spueu; is that correct? |
| 8 | A. Yes, that is correct. |
| 9 | [15.20.37] |
| 10 | Q. So, now I would like to revisit your statements as they appear |
| 11 | in your interview with Ysa Osman, so D175/3.43, on page 4 in |
| 12 | English and Khmer ERN is 00230603. And this is what is written |
| 13 | and I have to quote in English, so: |
| 14 | "I was expelled from Spueu village and sent to live in another |
| 15 | village where Khmer lived and I taught only Khmer children. They |
| 16 | did not let me teach Cham children. The village was about 3 |
| 17 | kilometres from my home village." End of quote. |
| 18 | So my question is the following. Did you, yourself, request to |
| 19 | leave Spueu or were you expelled? And is Cheyyou Village 45 |
| 20 | kilometres from Spueu or 3 kilometres away? So can you please |
| 21 | tell us what the true <version> is?</version> |
| 22 | A. Both statements are correct. If you take a shortcut, it's |
| 23 | about 3 kilometres. If you take the <regular> route <you could<="" td=""></you></regular> |
| 24 | ride a bicycle>, it's about 4 to 5 kilometres. |
| 25 | [15.22.28] |

| 1 | Q. Four to five <kilometers>, but I heard 45 <kilometers in="" th="" the<=""></kilometers></kilometers> |

| 3 | Were you expelled from Spueu or you decided to <ask> to be</ask> |
| 4 | <transferred> elsewhere?</transferred> |
| 5 | A. I repeatedly made the statement that I was the one who made |
| 6 | the request because I was afraid that if I lived in Spueu, I |
| 7 | would be dead. So I requested to go to a Khmer village in order |
| 8 | to refashion myself so that I could be alive. |
| 9 | Q. So what I just read out to you, that is to say, the <> |
| 10 | interview you had with Ysa Osman, which <is information="" the=""> we</is> |
| 11 | have here, well, this is wrong. It's not correct. You were not |
| 12 | expelled from Spueu? |
| 13 | A. That is correct because I might use an ordinary spoken word. |
| 14 | Of course, it refers to the same situation. I made a request and |
| 15 | when it's approved, it means I was expelled from the village. <if <math="">% \left(\left({{{\left({{{\left({{{\left({{{\left({{{}}} \right)}} \right)}}}}}} \right)} \right)</if> |
| 16 | I did not make a request, they would expel me too. They used the |
| 17 | same word.> |
| 18 | Q. Well, there's a real problem here of terminology because |
| 19 | "expelled" is something against your will. When you <ask> to be</ask> |
| 20 | <transferred and="" granted="" is="" request="" your="">, that is not being</transferred> |
| 21 | expelled, but, okay, but I <understand> your explanation and I</understand> |

| 23 | Now, I would like to get back to the moment when you changed |
| 24 | names or, in any case, when you shortened your name. I didn't |
| 25 | quite understand <when happened="" this="">. Can you please be specific</when> |

- 1 about that?
- 2 [15.24.45]

3 A. I stated this morning the names that the parents gave to their children are in full and the same applies to Khmer people. 4 5 However, usually those children would be known by aliases and б later on when they grow up, usually for their identity card, they 7 would use the names that they are known by their peers, that is 8 their aliases. <That's what often happens with the Cham people.> 9 Q. Well, this doesn't quite answer my question which was, when 10 did you start using your shortened name, the name Sos Kamri? 11 [15.25.42]

A. While I was a student, my father made a birth certificate that my name was Math Mari (phonetic) not Sos Kamri; however, after I started teaching, I changed my name to Sos Kamri. Sos refers to my father <and Kamri is my name>.

So that happened since after I started teaching and the villagers referred to me by that name.

18 MR. SENG LEANG:

Mr. President, I'd like to make an observation. The "ERN" in the Khmer language 00230603, that is, <D175/3.3.43>, the Khmer language does not include the word "expelled", but in English at <00222004>, the word "expelled" was used in the <phrase:> "I was expelled from Spueu." But in the Khmer language it means -- it reads that he was evacuated from Spueu Village.

25 This is my observation only.

| 2 | Q. Well, my question therefore remains the same, witness. |
| 3 | If I understood your last answer well, it is when you began |

| 5 | [15.27.27] |

| 10 | A. I started teaching in 1973. |
| 11 | Q. Well, I'm putting this question to you because in document |

| 19 | So in your statements before the Investigating Judges, we see |
| 20 | that you started using this name as of the moment when you were |
| 21 | in Cheyyou Village. So is this an error or not? |
| 22 | [15.29.06] |
| 23 | A. I initially when I was told to tell the truth, I do not |

| 8 | take from your testimony? |
| 9 | A. Yes, I have stated that I in fact, <> I <did not=""> change my $% f(x) = f(x) + f($</did> |
| 10 | name but <that's and="" called="" i="" was="" what=""> I actually use that alias</that's> |
| 11 | since I started teaching. |
| 12 | Q. Another point that needs clarification is the following. You |
| 13 | stated that when you <left spueu=""> to <go to=""> Cheyyou, you left</go></left> |
| 14 | alone and your wife and children had remained behind at Spueu. Is |
| 15 | that correct? |
| 16 | [15.30.45] |
| 17 | A. Yes, that is correct. |
| 18 | Q. And when you returned to Spueu, if I understood you correctly |
| 19 | please correct me if I'm wrong that was in late 1977, early |
| 20 | 1978, you came to <live> with your family. Is that correct?</live> |
| 21 | A. I returned in early 1978. |
| 22 | Q. And you came back to <live> with your wife. Is that correct?</live> |
| 23 | A. That is correct. I came to live together with my wife and |
| 24 | daughters. |
| 25 | And you would scree with me that during that period at Spueu |

25 Q. And you would agree with me that during that period at Spueu

- 1 where you <were born>, everyone was aware of the fact that you
- 2 were Cham. Is that correct?
- 3 A. Yes, the villagers knew that I was Cham.
- 4 [15.32.05]
- 5 Q. And apart from your family, that is, apart from your wife and 6 children<>, there were other families in Spueu, that is Cham 7 families at Spueu and they still lived there. Is that correct?
- 8 <Did I properly understand your testimony?>
- 9 A. Correct.
- 10 Q. I would like us to talk about the meeting which you said you
- 11 attended, that is in Bos Khnaor. Can you please clarify one
- 12 point? When you attended that meeting at Bos Khnaor, was that the
- 13 period during which you were transferred to Cheyyou?
- 14 A. Perhaps it was in 1977.
- 15 Q. So that was the time when you were at Cheyyou; right?
- 16 A. On this particular issue, I was assigned to <lead the children
- 17 to> go and collect <worms> at Ta Ong for a period of two, three
- 18 or four months since I was already there.
- 19 Q. Pardon me, I didn't quite grasp the place where you were
- 20 transferred. < The two or three months you spent, I heard Ta Ong;>
- 21 I'm not sure I heard the correct pronunciation. Where was it
- 22 exactly ,<and what were you doing> during that period?
- 23 [15.34.11]
- 24 A. Bos Khnaor and Ta Ong were the villages adjacent to one
- 25 another. <Bos Khnaor was a name of a district and Ta Ong had a

96

| 1 | village that at the time, <> 120 hectares <of land="" the="" was=""> used</of> |
|----|---|
| 2 | to grow cotton plants. And at that time, there were worms, so I |
| 3 | was assigned to go and get the children to collect the worms out |
| 4 | of the cotton plants. <because already="" called<="" i="" th="" there,="" was=""></because> |
| 5 | to the meetings near the area.> |
| б | Q. So in answer to my question, do you mean that at the time when |
| 7 | you attended the meeting at Bos Khnaor you had already been |
| 8 | assigned to work at the adjacent village <for td="" these="" three<=""></for> |
| 9 | months>? Do I understand you correctly? |
| 10 | A. Correct. |
| 11 | Q. Which means that that period was in 1977; is that correct? |
| 12 | A. There were many meetings and that meeting perhaps was held in |
| 13 | late 1977. |
| 14 | [15.35.56] |
| 15 | Q. In Ysa Osman's book "The Cham Rebellion", an extract of which |
| 16 | was read out to you <> this morning by the Co-Prosecutor on |
| 17 | <this> document E3/7690; and the ERN in French is, 00485382; ERN</this> |
| 18 | in English is, 00223899; and the ERN in Khmer, 00223896. In the |
| 19 | paragraph, corresponding to the statements you made, according to |
| 20 | Ysa Osman, you state that that meeting was held <on> a day in</on> |
| 21 | 1977, and this is what is stated in this famous document you |
| 22 | <spoke about="" again="" today="" with=""> my colleague of the Nuon Chea</spoke> |
| 23 | team<. This> is what is stated therein: |
| 24 | "The next day"that is the day after the meeting if I |
| 25 | understand correctly "the next day Kamri said that he read an |

97

1 official document that had been circulated by the Khmer Rouge 2 under the title, 'The Plan for Progressive Cooperatives'."<> 3 To the extent that, in answer to <my colleague>, you stated that you thought you had seen that document in October 1978. In Ysa 4 5 Osman's book, we see that it was the next day sometime in 1977. Can you please tell us which is the correct version? б 7 A. Regarding the meeting where a document was circulated to me, 8 actually, there was no such a meeting. And as for the document 9 you mention, that was a different time when I was assigned to go 10 and measure the land and during which I was provided with the --11 with that document to read to pass the time. So it was one year 12 apart. 13 [15.38.37]14 Q. So you would agree with me that there is an error in Ysa 15 Osman's book in which he says that <> you saw that document in 16 1977? 17 A. He may have -- he may want to -- wanted to say that it was 18 referring to the meeting that I attended, but the book or the 19 document I saw and read to pass the time was in <late> 1978. 20 <Maybe he did not hear, did not recall, or did not note it.> That 21 is my recollection. 22 I attended that meeting while I was a teacher and the book that I 23 saw was at a point in time where I stopped being a teacher <for 24 almost a year>. So it may have been in <August,> September or 25 October of 1978, when I saw that book, the time when I was

- 1 assigned to go and measure the land.
- Q. So your short answer to my question is that, yes, there's an error in the passage from Ysa Osman's book that I've read out to you? Yes, indeed, there's an error, isn't it?
- 5 [15.40.15]

A. You're right. He mentioned the exact -- the same year, <> but
in fact one event happened in late 1977, and another event took
place in late 1978, so it was not in the same year.

9 Q. And if I properly understood your testimony this morning, I 10 <am not sure> it was very clear in all the languages, when you 11 attended <the> meeting in 1977, what you heard were general 12 statements <> on the enemy in general terms. Did I properly

13 understand your testimony?

14 A. You are right. They <talked> about the different types of 15 enemy including the <reactionaries> and Cham people and those who 16 were Islamic <> followers. So they were <talking> about different 17 types of enemies.

Q. I would like us to <get back> specifically <to> the time you said you saw that document in the office of the commune chief. Can you confirm that it was, indeed, in the Ranou (phonetic) commune office that a messenger gave you a batch of documents which included that document on cooperatives? Was it indeed in the Ranou (phonetic) commune office<>?

24 [15.42.17]

25 A. It was in the commune office of Ou Nong commune, Ou Phneit

1 (phonetic) village. Nowadays it is in Spueu commune. 2 Q. And do you know the name of the commune chief at the time? 3 A. I do not remember the name. That was the only time that I met him and the <only> time that I saw him. I do not know his name. 4 5 Q. And were you indeed accompanied by colleagues on that day? A. My three colleagues, but I do not know where they are now б 7 today. One of my colleagues is already deceased and Krou Ath, I 8 refer -- I am referring to Krou Ath, my colleague, at the time, he is now deceased. 9 10 [15.43.40]11 Q. And do you know or remember whether they, themselves, saw the 12 document you said you saw on that day? Did they also see it?

A. They may not have seen that document. We were in different locations. Actually, that location was not completely a house, <it was> a small hut, and they were outside so perhaps I guess they may not have seen that document.

Q. And were you the only person who went into the office since you say that the others were outside? <So were you the only person inside?>

A. We went into the office altogether and, later on, I did not --I do not remember who was in with me and who was out.

Q. I understood that you are the person who asked for that document to be read out to you by the messenger. When you arrived, was it only the messenger <> at the commune office?

25 A. When I asked for the documents, we were all together in that

100

office. And I did not notice at the time whether some of my colleagues went out and some <others> took other documents to read to pass the time, and it was a very short time that we read the books.

5 [15.45.59]

б Q. When I asked you whether the messenger was alone, <what I 7 wanted to know was whether> there were no other persons working 8 in the commune office present apart from the messenger.<> 9 A. In the office, there was a messenger, the only messenger, and 10 after he handed over those parts of books to me and to others, he 11 went out to find oranges for us to eat. And a while later, that 12 guy, the messenger, the young messenger, came back with oranges. 13 Q. So he left you <and your colleagues> alone in his boss's 14 office when he went to look for oranges. Is that correct? 15 A. I was with my other <three> colleagues, but I cannot recall 16 well whether my other colleagues <> were sitting on the chairs or 17 whether they were outside of the office. I cannot recall it well. 18 [15.47.36]

19 Q. A while ago, in answer to a question put to you by counsel for 20 Nuon Chea, you stated that you were able to talk about that 21 document to close friends of yours in passing, if I understood 22 you correctly.

23 When did you talk to your friends about that document which 24 stated that the Cham had to be eliminated before 1980? At what 25 time did you talk about that document to other persons<, and to

101

| 1 | whom>?<> |
|----|--|
| 2 | A. I do not recall and I I do not recall it well in my mind. |
| 3 | Actually, I had different conversations and dialogues with |
| 4 | friends. It happened more than 30 years ago. And as for names, I |
| 5 | cannot recall as well since it happened long time ago, more than |
| б | 30 years. |
| 7 | Q. But you did talk about it when you returned to Spueu? That is |
| 8 | a few days after late-1978<, since> you said it was in October |
| 9 | 1978. Was it a few days after you saw the document <that td="" you<=""></that> |
| 10 | spoke about it> or was that another time? |
| 11 | A. I did not dare to mention anything. Several years later, I had |
| 12 | the chit-chats or dialogues with my <friends and="" my=""> students. I</friends> |
| 13 | do not remember who I was talking to at the time. |
| 14 | [15.49.49] |
| 15 | Q. So if I understand your testimony correctly, you are saying |
| 16 | that you saw a document <in> which it was stated that the Cham</in> |
| 17 | had to be exterminated <soon> and when you returned to Spueu to</soon> |
| 18 | be with your family, <which> was a place where there were other</which> |
| 19 | Cham, you did not warn them about what you had seen in that |
| 20 | document<>? |
| 21 | A. I told you already <it was=""> several years later. After the</it> |
| 22 | liberation, I lived in Spueu village for 20 days and then I moved |
| 23 | to the location to a location near the border, <in ponhea<="" td=""></in> |
| 24 | Kraek district, currently in Tboung Khmum province>. <i lived<="" td=""></i> |
| 25 | there until 2000 and then I went to Phnom Penh.> |

- 1 So, I cannot tell you where exactly I had discussed this issue.
- 2 Perhaps I may have discussed this issue <in Spueu, in> Kraek and
- 3 <also in Phnom Penh> which I cannot recall them all.
- 4 [15.51.08]
- 5 MS. GUISSE:
- 6 Mr. President, I will give the floor to my colleague, Kong Sam
- 7 Onn, to continue examining the witness.
- 8 QUESTIONING BY MR. KONG SAM ONN:
- 9 Thank you. Good afternoon Mr. President, Your Honours, and good
- 10 afternoon, Mr. Witness.
- 11 I have very -- it's very short question and I have several short 12 questions since you used to live in Chamkar Leu district.
- 13 Q. How many Cham villages were there in Chamkar Leu district?
- 14 MR. SOS KAMRI:
- 15 A. <> There <have always been> two villages <>. One is -- one was
 16 Spueu <that is now called Akmok, it is next> to <Spueu A.</p>
- 17 Particularly,> there <is> a Cham village <to the south of Spueu,
- 18 which is called> Cheyyou <village>. Cheyyou was a bigger village
- 19 compared to the other villages. <That's why the commune is named
- 20 Cheyyou.> In fact, there <is another village> near Stueng Trang.
- 21 There is a village <four kilometers to the east of Spueu called
- 22 Ou Kray (phonetic), but Khmer people call it> Ou Pes, and for me,
- 23 I usually refer to Ou Pes as <Ou Kray (phonetic)>.
- 24 And currently there are <more than> 100 Cham families in Ou Pes,
- 25 but <before> the Khmer Rouge <era>, there were only 50 Cham

| 1 | families in Ou Pes. <so and<="" are="" i="" know="" th="" that="" there="" two="" villages=""></so> |
|----|---|
| 2 | they both are in Cheyyou commune.> |
| 3 | [15.53.04] |
| 4 | Q. Thank you. In document D175/3.43, you also stated in the |
| 5 | morning; in Khmer ERN, <00230612>; English, <01222009>; French, |
| 6 | <01222021>; you stated that there were around 220 Cham villages |
| 7 | in the entire Kampuchea or Cambodia. Could you tell the Court the |
| 8 | source of that information? |
| 9 | A. After the liberation of 1979, I went around almost in <all of=""></all> |
| 10 | Cambodia. Sixty per cent of my visits <were> to be a speaker <on< td=""></on<></were> |
| 11 | religions>. |
| 12 | And I observed and counted the small and big villages and, after |
| 13 | that, I came to a conclusion that there were around or there |
| 14 | are around 250 Cham villages, not <more> than that.</more> |
| 15 | I moved and lived in different places. I used to live in Spueu, |
| 16 | Trapeang Chhuk <village>, Kampong Thom province, and I used to</village> |
| 17 | live in Kampong Chhnang as well and also in Battambang. |
| 18 | [15.55.05] |
| 19 | So I lived in different locations and I had and I have had |
| 20 | many friends. My uncle was also a religious <teacher> so he also</teacher> |
| 21 | has many friends. |
| 22 | I went around in the country and I have the intention $<$ of |
| 23 | compiling> the document about Cham villages, so overall, I can |
| 24 | say there are more than <200> Cham villages, <less 250="" than="">.</less> |
| 25 | In 1993, when the Ministry of Religion selected religious |

104

| 1 | leaders, the ministry invited hakim and religious leaders in |
|----|---|
| 2 | villages to vote, and the villages' leaders from 210 villages, |
| 3 | Cham villages, came to attend that vote. And other 30 or 40 Cham |
| 4 | villages' leaders did not come to attend the voting, so I could |
| 5 | say that there are more than <that, are<="" but="" td="" there="" today,=""></that,> |
| 6 | up to 530 villages in total.> |
| 7 | Q. Thank you. You stated that in some Cham villages, there were |
| 8 | around 1,000 or 2,000 Cham families living in those villages. |
| 9 | I want you to tell the Court which Cham village consisted of |
| 10 | small number of Cham people, and I'm asking you about the period |
| 11 | before 1975 and also about the current time. |
| 12 | A. Before 1975, there were no Cham villages in Koh Kong <nor td="" were<=""></nor> |
| 13 | there in Stung Treng>. <> There were no villages, Cham villages, |
| 14 | in Dambae <district> of Kampong Cham. In Kratie, there were not</district> |
| 15 | so many Cham villages, particularly in Kampot Province. |
| 16 | [15.57.41] |
| 17 | After the liberation, because many of Cham people were farmers, |
| 18 | they <gave up=""> the occupation of fishermen. They went to</gave> |
| 19 | different places to clear the forest and then do the farming. So, |
| 20 | Cham villages increased from that time onward. And for the |
| 21 | province which has large number of Cham people before it was |
| 22 | Kampong Cham, <but been="" cham="" divided="" has="" into="" kampong="" since="" td="" two<=""></but> |
| 23 | parts, there are 130 Cham villages in Tboung Khmum, and there are |
| 24 | only 30 Cham villages in Kampong Cham. So in total, there are 160 |
| 25 | Cham villages in Kampong Cham. And mostly, villages in Kampong |

105

| 1 | Cham are big villages. The biggest ones are Trea, Chumnik,> |
|----|---|
| 2 | Pongro, <chheu phluoh="" teal=""> villages, <and> Kratie.</and></chheu> |
| 3 | <> Right now, I can say that there are <almost> 2,000 families of</almost> |
| 4 | Cham people in <each four="" of="" these=""> villages. <before sangkum<="" td=""></before></each> |
| 5 | Reastr Niyum regime, there were maybe a little more than 1,000 |
| 6 | families in these four villages.> So when we add up the number of |
| 7 | Cham people together <in four="" these="" villages="">, we can say that</in> |
| 8 | there are many Cham people living in the country. |
| 9 | [15.59.14] |
| 10 | And I want to tell you that there are around 530 Cham villages in |
| 11 | the country, and most of Cham people are now living in Kampong |
| 12 | Cham and <> the second largest community of Cham people <is in<="" td=""></is> |
| 13 | Kampong Chhnang, and there are more than 3,000, close to 4,000, |
| 14 | Cham families in Phnom Penh>. |
| 15 | Q. So I want you to tell the Court about the population of Cham |
| 16 | people and you stated that before 1975, there were around 220 |
| 17 | Cham villages. So can you specify how many Cham people in |
| 18 | living in one village? |
| 19 | A. If we mention about the population of Cham people in one |
| 20 | village, there may have had <700 to 705> families Cham |
| 21 | families, <if 800<="" about="" talked="" td="" there="" to="" trea="" up="" village,="" we="" were=""></if> |
| 22 | Cham families,> but there were other villages where many Cham |
| 23 | families resided in <there, in="" khmum="" particularly="" tboung="">.</there,> |
| 24 | Q. Thank you. You told the Court at the beginning that in Chamkar |
| 25 | Leu, there were two Cham villages, and one village consisted of |

| 1 | 50 Cham families, and I want you to tell <us> the average Cham</us> |
|----|--|
| 2 | population. |
| 3 | So before 1975, how many Cham families in one village, on |
| 4 | average, before 1975? And did you study the number of Cham |
| 5 | families in each village before 1975? I hope you can recall my |
| б | question. |
| 7 | [16.01.35] |
| 8 | A. Actually, we did not have the clear statistics at the time and |
| 9 | I did not work on the statistics at the time before 1975, it was |
| 10 | only my observation about Cham population and families <in td="" the<=""></in> |
| 11 | villages that I had been to>. |
| 12 | Q. Thank you. My last question to put to you, Mr. Witness. |
| 13 | Before 1975, how many villages were there in the country, in |
| 14 | Cambodia, including the Khmer villages as well? |
| 15 | A. I do not know, I'm sorry. In Chamkar Leu and Spueu and also |
| 16 | Cheyyou, I <also> did not know how many villages were there.</also> |
| 17 | Q. Thank you. And, currently, do you know how many villages |
| 18 | <> <there are=""> within Cambodia?</there> |
| 19 | [16.02.45] |
| 20 | A. I do not know, but I know the villages where Cham people are |
| 21 | living. |
| 22 | MR. KONG SAM ONN: |
| 23 | Thank you, Mr. Witness. |
| 24 | Mr. President, I am done with my questioning. |
