Requests:

Comrade Rin: Avoid dependency objectively to the maximum;

Comrade Duch:

Do not forget to establish forces and strengthen stance! Each two weeks, produce a total statistics; and the number of days for each person.

Should report on what you have learned; the way to develop members at a great leap pace. Complicated document; it is afraid that people do not believe or find it difficult to believe as

it is also a class stance.

Comrade Duch:

- 1. Complete the tasks thoroughly;
- 2. Do not develop members hesitantly! There is no need to be sensible and understanding at all! [*Incomprehensible*]
